PRICE FIVE CENTS

Harding Speaks for British-U.S. Bonds And Peace of World

Two Peoples Were Trustees For Preservation of Civilization In Late War and Now Uphold Peace, He Says.

Yorktown, Va., Oct. 19.—A doctrine of enduring friendship between the United States and Great Britain was pronounced by President Harding in a speech here to-day.

Surrounded by high officials of his administration and standing within sight of the spot where Cornwallis laid down his sword in 1781, the President declared in deliberately chosen words a sentiment of peaceful relationship between the two great English-speaking nations for all time to come. That either should ever again lift the sword against the other, he said, must be "unthinkable."

"In the trusteeship of preserving civilization," he continued, "we were naturally arrayed together, and the convictions of a civilization worthy of that costly preservation will exalt peace and ward against conflict for all time to come."

In his address the President took occasion to renew the nation's pledge of participation in the broader affairs of the world and declared his belief that the time had come for "essential co-operation" among nations generally for the betterment of the world.

Liberal Thought.
"We must not claim for the New World," said Mr. Harding, "certainly not for our colonies alone, all the liberal thought of a century and a half ago. There were liberal views in England and a passionate devotion to more liberal tendencies in France. The triumph of freedom in the American colonies greatly strengthened liberal views in the world. This liberal public opinion, deliberate and grown dominant, brought Great Britain and America to a policy of accommodation and pacific adjustment for all our difficulties. There has been honorable and unbroken peace for more than a century. We came to common sacrifice and ensanguined association in the world war and a future breach of our peaceful and friendly relations is unthinkable. In the trusteeship of preserving civilization, we were naturally arrayed together, and the convictions of a civilization worthy of that costly preservation will exalt peace and ward against conflict for all time to come."

The President's speech was made at the annual Yorktown celebration. When he stated in the British House of Commons yesterday that Sir Robert Borden would represent Canada at the forthcoming international conference in Washington, Premier Lloyd George also stated that the following would be members of the British Empire delegation: For Great Britain, Premier Lloyd George, A. J. Balfour and Lord Lee of Fareham. First Lord of the Admiralty, with Sir Auckland Geddes, the British Ambassador at Washington, to act as a delegate in the name of the Premier or any other delegates: Australia, George Foster Pearce; New Zealand, Sir John Salmond; India, Zorinavasa Zastri; South Africa, by representatives of the British Government.

URGES PEOPLES TO STUDY POLICIES

Ambassador Geddes Speaks of World Peace
Delivers Address in North Carolina City

Red Springs, N. C., Oct. 19.—Standing under the American flag with the British Union Jack to his right hand and the flag of Canada to his left, Sir Auckland Geddes, British Ambassador to the United States, speaking before the Scottish Society of America yesterday, pleaded for a better understanding of international problems.

The price of peace between great nations whose ideas of democracy were similar was eternal vigilance over policies adopted by those nations, he declared. Eternal vigilance could only be maintained by educating the people to the understanding of these policies.

The Ambassador said no nation could stand alone, because the welfare of the one was the welfare of the other. The United States and Great Britain were bound by ties of trade, by ties of blood and by ties of thought, he added, and could not get away from international relations.

AGED VOYAGEUR DIED IN MONTANA

Missoula, Mont., Oct. 19.—Jean Chabotte, 103 years old, died here from a fracture of the skull received in a fall. Chabotte was a voyageur for the Hudson's Bay Company in the Canadian Northwest and later was a pioneer in Alaska. He had resided in Western Montana for many years more recently having been cared for at the county poor farm.

EXTENDED NEWS SERVICES URGED

Honolulu, Oct. 19.—A resolution was introduced at the Press Congress of the World, in session here, declaring that "in the interests of world amity and better international understanding and sympathy telegraphic facilities for a general interchange of news and press comment should be greatly improved, improved and extended." The resolution also would pledge the various delegates to work towards this end in their respective countries.

BRIAND'S IDEAL WORLD FRIENDSHIP

No Methods of Force at Washington Conference

Wishes no Counsel From Extreme Factions

Paris, Oct. 19.—Premier Briand's plans for going to Washington to attend the conference on limitation of armaments and Far Eastern problems were made the object of a direct attack by the opposition to the Government during the debate in the Chamber of Deputies this afternoon.

An earlier dispatch said: Premier Briand went before the Chamber of Deputies, which resumed its session Tuesday, and made it clear that his policy must have the support of the Deputies if he was to represent France at the Washington conference.

If France desired a policy of force, he said, the representatives of the country must say so. He would, however, decline to associate himself with such a policy.

SETTLE PROBLEMS IN FRIENDLY WAY

Japanese Editor Speaks of U. S. and Japan

Support Friendly Relations at Press Congress

Honolulu, Oct. 19.—A "cultural war" between the Orient and the Occident is "bound to come," but all differences between the United States and Japan can be settled amicably, according to the belief expressed today before the Press Congress of the World, in session here, by M. Sumoto, editor of The Herald of Asia and formerly secretary to the late Premier Ito of Japan.

"Plainly the question is whether Japan and the United States will fight or settle all troubles in a friendly way as all international problems should be settled," Mr. Sumoto declared.

A "cultural war is bound to come, but I hasten to tell you my firm conviction that all trouble existing between Japan and the United States can and will be settled peacefully. I believe that in spite of occasional complications and keen rivalry in many fields of activity, the two countries ever will remain friendly and at peace."

BRITISH CRUISER WAS DAMAGED IN ST. LAWRENCE

Quebec, Oct. 19.—(Canadian Press). H. M. S. Wistaria, a light cruiser, which cleared from here Monday morning for Halifax, went aground off Red Island, opposite the mouth of the Saguenay River, Monday. The cruiser managed to get off yesterday afternoon but was making water and was obliged to anchor, awaiting the arrival of the Government steamer Lord Strathcona, which left this port last night with pumps. It is expected the Lord Strathcona will tow the vessel back to this port for survey.

AN ONTARIO DEATH.

Barrie, Ont., Oct. 19.—Police Magistrate G. A. Radenhurst, of this town, was found dead in bed yesterday. He had been police magistrate for twenty years.

INSURANCE FINES IN MISSISSIPPI TOTAL \$9,500,000

Jackson, Miss., Oct. 19.—Chancellor V. J. Sticker issued a decree to-day in the Hinds County Chancery Court imposing fines aggregating nearly \$9,500,000 on fire insurance companies formerly doing business in this state. Thirty-three companies were fined \$195,875 each. Others were fined from \$1,000 upwards.

FEDERATION'S VETERANS' PLAN

G.W.V.A. Convention Makes Unanimous Decision.

Ultimate Amalgamation of Bodies is Hope

Committee is Asked to Prepare Plan

Port Arthur, Ont., Oct. 19.—(Canadian Press)—The Great War Veterans' Association this morning unanimously adopted a resolution introduced by J. Cameron, of Saskatoon, favoring the formation of a federation of returned soldiers' organizations in Canada with a view to ultimate amalgamation. The Dominion committee was instructed to take part in any conference which may be "legitimately arranged with such amalgamation in view."

A committee will draft a suggestion to the convention of the best method by which the federation could be brought about.

American Greetings.
Port Arthur, Ont., Oct. 19.—(Canadian Press)—Acknowledgment of the greetings accorded the members of the American Legion was read by Harry Emery, national commander, when the convention of Great War Veterans' Association opened this morning. "The Legion returns a steady grip to the equally sincere one of our Canadian brothers in arms," the telegram stated.

Discussion of unification was then continued from yesterday and rules of parliamentary procedure were waived to enable everybody who had a thought regarding it to express it.

J. F. Marsh, Dominion secretary of the Grand Army of United Veterans, was subjected to further questioning, until Leo Wards, of Winnipeg, proposed that the "third degree" be halted at once and the convention get down to the point at issue.

Alberta.

G. W. Russell, of Calgary, said the policy of the Alberta command had been to support the returned men who favored unity.

Acquittal of New Westminster.
The G. W. V. A. could once get what is wanted for returned men but now it was told by the Government it applied to that the veterans were split up. Disaffection took place and the membership showed a big falling off. "What better evidence does the public demand regarding the present police crisis than the fact that the proprietor of a well-known resort in the city is actively engaged in registering voters and also the fact that he is reported to have stated that he is doing this to defeat Dr. Hall?" the Commissioner's statement asks.

Saskatoon Resolution.

The convention now has before it a resolution proposed by J. Cameron, Saskatoon, that the convention go on record as being in favor of a non-sectarian, non-partisan federation of ex-service men's organizations in Canada, so that by conjoint action the interests of those who made sacrifices in the great war may be protected and advanced, each organization in such a federation maintaining its own individual identity and instructing its officers to take all possible steps toward the formation of such a federation.

The resolution expresses the hope that such a federation may lead to amalgamation and would authorize the Dominion committee to take part in any conference which might be legitimately arranged with such an amalgamation in view.

BANK ROBBERS SENT TO PRISON

Manitoba Five-year Sentences; Train Robbed

Winnipeg, Oct. 19.—Six young robbers who set out a week ago today to hold up the branch of the Bank of Montreal, in Elie, Man., and got away with \$1,200, to-day were sentenced each to five years' imprisonment. The men are: Henry Quakenbush, James Redding, Sidney Roberts, George Adams, Clarence Adam and David Lefler.

Lefler was the man left in charge of the owner of the stolen car which the bandits used. The others entered the bank.

Train Robbed.
Moose Jaw, Oct. 19.—The Dominion Express messenger on Train No. 4 was held up and the safe in the car riddled by a lone bandit some place between Swift Current and Moose Jaw this morning. Shortly after leaving Swift Current the messenger found himself covered with a revolver, and told to put up his hands. He was then bound and gagged by the robber, and the safe was then gone through, and when the train was in motion the bandit opened the safe door of the car and dropped off.

The C. P. R. and Express Company officials here are unable to give any details as to the amount missing, as the checking up has not been completed.

When the train arrived here the messenger failed to appear at the car door, and a search revealed him bound and gagged on the floor of the car.

At Opening of Session Of Legislature of B. C.

The picture above shows the Lieutenant-Governor returning to his motor car after delivering his speech at the formal opening of the session yesterday afternoon.

BOMB IN HOUSE OF U. S. AMBASSADOR

Valet of Minister to France Injured

Herrick Arrived Just After Explosion

Paris, Oct. 19.—A bomb exploded to-day in the house of Myron T. Herrick, the American Ambassador, seriously injuring the valet who opened the package containing it. The room in which the explosion occurred was wrecked.

Ambassador Herrick arrived at the house two minutes after the bomb blew up.

Threats.

Paris, Oct. 19.—Threats to tear down the American flag over the American Embassy here are contained in many letters which have been received at the Embassy in the last few days. The letters are signed by various persons, including two Italians, for the murder of Frederick A. Parmenter, paymaster of a shoe manufacturing concern at Braintree, Massachusetts. In all, between 300 and 400 letters of protest have been received, at the rate of more than 100 a day.

There have been numerous demonstrations by radical elements in Italy over this case and the Communist newspapers here in Paris have taken up the campaign, urging their followers to protest to the Embassy and announcing a mass meeting for Friday.

Precautions.

The police and the French Government departments have initiated precautionary measures.

LIEUT.-COL. PECK IS IN FIELD AS AN INDEPENDENT

Prince Rupert, Oct. 19.—Lieut.-Colonel C. W. Peck, V.C., to-day announced his intention to run as an independent candidate in the Federal riding of Skeena. In a statement Colonel Peck expressed the belief that the people had grown weary of old party lines, and he desired to go back to Ottawa with his hands free to deal with any situation, irrespective of party, in the best interests of the north country.

"Main Street," Most Talked Of Novel, To Be New Serial of Victoria Times

"Main Street," the outstanding novel of 1921, will be published as a serial by The Victoria Times. The first instalment will appear in the next few days.

This story by a young Yale graduate does not follow any rules common to "best sellers," does not truckle to a popular taste, but leads the list of book sales this year. More than 300,000 copies of "Main Street" have been sold already and the demand is increasing.

It is the outstanding fiction success since the end of the war! That is why The Times has bought it for publication in Victoria.

At the Victoria Public Library the demand for "Main Street" is so great and the waiting list so long that the Library will not be able to satisfy it until well into next year.

Read "Main Street" every night in The Times. Watch for the first instalment.

BO CASE

The jury returned a "No Bill" in the Assize Court to-day, respecting the indictment of Charlie Bo, tailor, for an alleged attempt to bribe a police officer.

WILL PRESS FOR FREE PORT AREA

William Ivel, Liberal Candidate, Outlines Platform

A free port area for Victoria in conjunction with the development of the outer docks and the Canadian National terminals and the appointment of a Board of Harbor Commissioners will be strongly urged upon the Federal Government by William McK. Ivel, if elected to the Federal House on December 6, it was announced by Mr. Ivel, Liberal candidate, at the meeting of the Liberal executive held in the club-rooms last night.

These objects have been repeatedly sought by public organizations of the city for some time past in an endeavor to promote industries, trade and commerce, and thereby bring about more employment and general prosperity, Mr. Ivel said.

As the Liberal policy stands for progress, it is a foregone conclusion that when the party is returned to power, as it surely will be, the interests of the various constituencies will receive every consideration, particularly those having an influence on the welfare of Canada as a whole.

Vast Potentialities.

"We realize to-day the vast potential opportunities that lie before us. Why is it that Seattle and Puget Sound and other Pacific Coast ports in the United States have forged ahead while Victoria, the oldest port on the Pacific, has been left behind in the running?" asked Mr. Ivel. "To my mind the answer is found in the lack of a progressive policy to meet the great demands of increased population and production."

"If production and industries have increased on the American side why should we not so develop on the Canadian side of the line when we have infinitely more to offer in the way of natural resources and raw materials?"

"Here on the Pacific our shipping is not confronted with the retardation of ice-bound ports. We already have a very creditable amount of shipping which could be encouraged and increased if the entire system were co-ordinated and put on an efficient basis that would put Victoria in the lead."

(Concluded on page 3.)

MUNICIPAL REGISTRATION

In the interests of good citizenship all British subjects in Victoria and the contiguous municipalities who are not property owners are invited to register at their respective centres this month.

Clearihue Urges Linking P.G.E. With C.P.R.; Says Land Taxes too High

Joseph B. Clearihue of Victoria started the flow of oratory in the B. C. Legislature this session when he moved the reply to the speech of the Lieutenant-Governor this afternoon.

He outlined the work of the session and declared for solving the Pacific Great Eastern Railway problem by building the Clinton-Ashcroft link, so that connection with the Canadian Pacific Railway may be obtained for the whole Cariboo country over the P. G. E.

Mr. Clearihue also came out in support of the principle of the income tax and the extension of it to catch many persons who did not pay at all.

SAYS "UNDERWORLD" SIGNING UP VOTERS

Hall Declares Faction of Police in Collusion With "Underworld"

Registering His Enemies' Votes, He Asserts

That the "forces of the underworld," in collusion with a faction of the City Police Department, are actively engaged in registering city voters with the object of defeating Police Commissioner Dr. Hall at the December election is the charge contained in a statement issued by Dr. Hall to-day.

"What better evidence does the public demand regarding the present police crisis than the fact that the proprietor of a well-known resort in the city is actively engaged in registering voters and also the fact that he is reported to have stated that he is doing this to defeat Dr. Hall?" the Commissioner's statement asks.

Probes Situation Personally.

Dr. Hall's statement was issued after the Commissioner had investigated reports that large numbers of men and women were registering to vote against him at the instigation of his enemies. Dr. Hall probed these reports personally and several days ago was convinced of their truth.

It has been known at the City Hall for several days, as a matter of fact, that large numbers of men and women who had not bothered to get on the register list in the past were registering this year. It is believed at the City Hall that these people have been persuaded to do so by elements opposed to Dr. Hall. The "proprietor of a well-known resort in the city," to whom Dr. Hall refers in his statement, has been a frequent visitor to the City Clerk's office where registration of voters is proceeding and it is charged has been accompanying some of the men and women who have registered.

RAILWAYMEN'S COMMITTEE MEETS

American Federation of Labor and Strike Plan

Railroad Labor Board Supported by Washington

Chicago, Oct. 19.—Developments in the possibility of a strike order by others of the sixteen standard labor organizations besides the five train service bodies were seen to-day in a call for the assembling to-morrow of the conference committee of 100 of the railway employees' department of the American Federation of Labor. This committee has full power to order a strike of the six shop crafts. No final action was expected, however, before Friday, according to B. M. Jewell, president of the department.

A Test.

Washington, Oct. 19.—The Railroad Labor Board will give the full support of federal authority in its endeavor to avert the national railroad strike and will be expected through the result to justify its creation.

The above summary of the strike situation was given in official circles before President Harding, accompanied by several members of his Cabinet, left the Capitol for Yorktown, Va., to participate in celebration of Yorktown Day.

Defensive Plans.

With the problem definitely assigned to the Labor Board for solution and each integrated branch of the Government ready with a defensive programme in the event of the strike materializing, no important (Concluded on page 4.)

LIGHTNING TORE OFF MAN'S CLOTHES

Beaverton, Ont., Oct. 19.—During a heavy thunderstorm, Irwin Sheehy, an employee of the Canadian National Railway on this section, was struck by lightning and all his clothes completely removed from his body and partly destroyed by fire. He escaped with a bad shaking up.

ONTARIO FINDS CRERAR NEW TYPE

Talks With Audiences, Says Toronto Globe

Billed to Speak in Woodstock To-night

Other News From Canadian Political Field

Toronto, Oct. 19.—The Globe's political writer describes Hon. T. A. Crerar, leader of the Progressives, at a new type on the hustings in Ontario, where he is being heard really for the first time.

The Western leader, The Globe says, adopts none of the old time slashing tactics and deals with issues not personalities. He talks with his audience and makes no attempt at oratory.

He is unlike any of the former leaders in this province. Premier Brury, in his speech, continues, has some of the mannerisms of all political speakers, while J. J. Morrison talks "farmer" all the time. "But he (Crerar) does get his farmer audiences enthusiastic," says The Globe. "They would rather have cold reason than political bombast which is effective for the moment only."

Concluding The Globe says: "The farmers seem to be taking the torchlight and the bass drum out of politics."

In Woodstock

Woodstock, Ont., Oct. 19.—It is expected that in his speech here to-night Hon. T. A. Crerar, leader of the National Progressives, will break new ground. His opening speech for Ontario at Brampton and later his Slim's speech, October 25, this day, of the argument he put forth when opening the Progressive campaign two weeks earlier at Brandon. To-night, it is understood, Mr. Crerar will develop his economic views more fully. He purposes in this connection to give some special attention to recent company promotions and the watering of stocks.

To Maritime Provinces.

In his present Ontario tour, Mr. Crerar is confining himself to Western rural ridings. Following this week's meetings he will leave for the Maritime Provinces to make his Woodstock speech in all probability at Woodstock, N. S., October 25. This date, however, is only tentative, the Maritime Province meetings not yet having been finally determined. Subsequently, Mr. Crerar will return to Ontario, which is regarded by all as the principal battleground.

CANDIDATES ARE PUT IN FIELD

Ottawa, Oct. 19.—Nominations for the House of Commons are: Cape Breton South—W. F. Carroll, Liberal.

Richmond, N. S.—G. W. Kye, Liberal.

Southeast Grey—W. Hastie, Liberal.

North Bruce—W. Malcolm, Liberal.

South Ontario—J. L. Whittam, Liberal.

West Lambton—F. F. Pender, Liberal.

Dorchester—Lucien Cannon, Liberal.

Chicoutimi-Saguenay—Dr. E. Savard, Liberal.

Lincoln—J. D. Chaplin, Conservative.

East Toronto—Sir Edward Kemp, Conservative.

West Hastings—E. G. Porter, Conservative.

East Algoma—G. B. Nicholson, Conservative.

Marquette.

Shoal Lake, Man., Oct. 19.—Reeve E. Henry of Oak River, was selected by the Liberals last night to contest the constituency of Marquette in the forthcoming Federal election.

Grenville.

Spencerville, Ont., Oct. 19.—M. B. Casselman, of Prescott, was nominated by the National Liberal and Conservative Party in Grenville riding. Five names were submitted, including that of Hon. J. D. Reid, former member of the cabinet, who withdrew.

South Toronto.

Toronto, Oct. 19.—Following a luncheon at the National Club yesterday, at which James Murdoch, vice-president of the Brotherhood of Railroad Trainmen, and J. B. Bartman, president of the South Toronto Liberal Association, were present, it was announced by Mr. Bartman that Mr. Murdoch would positively contest the Liberal convention in South Toronto.

(Concluded on page 4.)

LEGISLATION IN UNITED KINGDOM

Tax Equalization Bill Among Others

London, Oct. 19.—Of four bills which Austen Chamberlain, the Government Minister in the House of Commons, announced would be introduced by the Government, one will be concerned with export credit and means for dealing with collapsed exchanges, the second with an equalization of rates and the problems arising out of the recent incidents surrounding the imprisonment of the councilors of the Borough of Poplar, the third with a new levy of two pence on employers and workmen to provide additional funds for unemployed insurance benefits, and the fourth with relief of the unemployment situation in Scotland.

The value of fish production in British Columbia in 1920 was \$22,329,107 or 45.3 per cent. of that produced in all Canada.

Fruit.

F. G. Evans, representing the fruit and vegetable canners of the Province, informed the Commissioners that the industry he represented suffered from the same discriminatory freight rates as other industries in British Columbia. The fruit and vegetable canning industry in the Province was valued last year at \$8,000,000. Mr. Evans quoted examples of the handicap the industry is suffering from freight rates. The existing freight rates from British Columbia to Alberta and Saskatchewan were having a direct effect of restricting the consumption of British Columbia canned goods, he stated.

DISCUSS FOREIGN

POLICY OF FRANCE

Members of Chamber of Deputies in Debate

Paris, Oct. 19.—The Chamber of Deputies yesterday afternoon discussed four of sixteen interpellations on the Government's foreign policy. Premier Briand showed himself ready to argue points made by the speakers, rising frequently to contradict or correct statements made.

During an exchange Andre Tardieu charged M. Briand with giving instructions to the Commission on Reparations when the German "debt" was being calculated. The Premier declared this to be false.

PRODUCTION COSTS AND LOAN FUNDS

London Post Deals With South African Developments

London, Oct. 19.—(Canadian Press Cable)—The Morning Post in an editorial note dealing with the criticisms of South Africa in connection with the purchases outside Great Britain with the proceeds of a loan recently raised in London, raises the question whether it is not due to the borrowing part of the Empire that production in Great Britain should be cheapened so that the enterprises being financed by loans should be on a sound basis from the start.

Dealing with the subject of its application to unemployment, the newspaper asks whether it is wise to go beyond the point of actual relief of distress if as a result of trade subsidies "we bolster up an artificial uneconomic wage and find that in the ordinary trade of the world we are being beaten by those countries where the community is prepared to work harder in order to create fresh wealth."

A dispatch from London yesterday said: "Reuters' correspondent at Cape Town, South Africa, says it is officially announced that it has been decided, subject to certain formalities, to place the whole contract for the erection of thirty grain elevators with a Canadian firm. It is understood that part of the machinery will be purchased in Great Britain, but almost the whole cost of the buildings, other than the structural steel to be used herein, will be expended in South Africa."

DIED FEW HOURS AFTER MARRIAGE

Windsor, Ont., Oct. 19.—At noon yesterday Daisy Warren, twenty-three, daughter of Alderman T. H. Warren, of Windsor, and J. C. Wilkie, of Windsor, were married. At 7.30 last evening in a hospital Mrs. Wilkie died following an operation.

BOARD URGED TO READJUST RATES

Railway Commission Heard Witnesses in Vancouver

Vancouver, Oct. 19.—What are declared to be discriminatory railway freight rates in British Columbia were again attacked before the Board of Railroad Commissioners here yesterday by G. G. McGeer, counsel for the province; J. B. Thomson, chairman of the British Columbia Manufacturers' Association, and J. W. Fordham Johnson, president of the British Columbia Sugar Refining Company.

Mr. Thomson declared that existing railway rates were hampering and hindering the industrial welfare in the Province. Perusal of freight rates up to the fifth class for distances up to 102 miles showed that the manufacturer in British Columbia distributed his goods on rates that were more than 30 per cent. higher than the rates enjoyed in Eastern Canada, he said. Similarly for distances up to 250 miles the difference was 61.8 per cent., and continued on greater distances so that on 1,000 miles it was \$7.2 per cent. At Marquette, Man., 1,446 miles from Vancouver, and 1,437 miles from Montreal, the difference in the rates was 55 per cent. higher from Vancouver than from Montreal, he declared. Class rate differences were approximately as great on similar distances. Not only, Mr. Thomson declared, were British Columbia manufacturers handicapped in competing on the prairie market with eastern Canadian merchandise, which enjoyed lower rates from Montreal, but they were also obliged to compete with eastern American commodities moving by water from Lake ports. The fact that American goods were being distributed from Fort William and Winnipeg on the basis of prairie standard rates, which were much lower than rates on like goods from British Columbia constituted, Mr. Thomson said, a discrimination in favor of American competitors.

Mr. Thomson asserted that "these rate discriminations result in confining British Columbia manufacturers to British Columbia coast markets." He said few manufacturers were able to develop sufficient business to permit competition with other parts of Canada and the United States. Urging the elimination of the mountain scale of freight rates, J. W. Fordham Johnson submitted a comparison of rates on sugar, showing a difference of \$6.5 per cent. in favor of Eastern refiners on a 34-mile haul and a difference in favor of the East of 57 1/2 cents, or 99.2 per cent. per 100 pounds on a 519 haul.

Mr. Johnson said that his firm was completely shut out of the Manitoba market by existing freight rates.

Mr. McGeer said that while the rate on sugar per hundred pounds from Vancouver to Winnipeg was \$1.73, the rate from San Francisco to Winnipeg was but \$1.55.

Vancouver, Oct. 19.—The Board of Railroad Commissioners yesterday reserved judgment on the application of the Union of Municipalities and the city of New Westminster for an order compelling the B. C. Telephone Company to issue tariff of charges in conformity with the order recently handed down by the Board at Ottawa.

When the railway freight rates were resumed, addresses were given by J. B. Thomson, president of the British Columbia division of the Canadian Manufacturers' Association; J. B. Fordham Johnson, president of the British Columbia Sugar Refining Company; and by J. C. Wilkie, president and managing director of the British-American Paint Co., Victoria.

ITALY AND DEBT TO UNITED STATES

Rome, Oct. 19.—The policy of the American Government regarding recognition of the payment of Europe's debts, especially Italy's, "is unjust and imprudent," declares The Popolo Romano in an editorial.

"It is unjust," declares the editorial, "because the United States cannot equitably claim payment of sums advanced to us for our needs, which were directly and solely occasioned for continuation of the war in which Italy spent all her resources and was not able to continue without aid from the Allies and Associated Nations who were more powerful."

E. C. SHEPPARD DIED IN KAMLOOPS

Kamloops, Oct. 19.—Captain E. C. Sheppard, of Vancouver, died at the Royal Inland Hospital here yesterday. He had been a patient at Transvaal Sanatorium for a long time and arrived a week ago from Gravenhurst, Ontario, where he had also been receiving treatment.

Captain Sheppard, who was thirty-one years of age, formerly was managing editor of The Vancouver Sun and went overseas from Vancouver with the University contingent, contracting on service the tuberculosis from which he never recovered. He was a son of Edmund E. Sheppard, founder and for many years editor of The Toronto Saturday Night.

DIVIDING COST OF RHINE ARMIES

Paris, Oct. 19.—The United States, France, Great Britain, Italy, Japan and Belgium were represented yesterday at the first session of the conference which is considering the maintenance costs of the troops of occupation in the Rhineland. A sub-committee was appointed to estimate on the basis of the actual number of effectives on the Rhine the expenses for which the respective Allies advance funds, and second, the expenses charged directly to Germany, such as lodging, barracks, transportation and railroads.

DECLARES IRISH WERE PROSPEROUS

Enniskillen Editor Speaks in Winnipeg

Winnipeg, Oct. 19.—In an arraignment of the Sinn Fein organization, W. Copeland Trimble, editor of The Imperial Reporter, Enniskillen, Ireland, discredited statements that there were any grievances in Ireland, during an address on "Ireland" before the Canadian Club here yesterday.

"The people of Ireland prospered until this present terrible state of things set in," Mr. Trimble said. "Before the war there were in the joint stock banks alone, £61,000,000 in money deposits, and during the war the farmers, who prospered, added £100,000,000 more. That is £161,000,000. It is not to be thought that if we in Ulster do not throw in our fortunes with Ireland, we had better prepare to leave the country. That is what has been issued as a mandate to us."

"I say in all sincerity," concluded Mr. Trimble "that if that should be final we will prepare to sell our lives and our fathers' land to preserve liberty of speech and action within the laws of God—that we will never bow our necks to the assassin and the murderer, and that the Union Jack shall be with us, as with you, the symbol of national nobility and glorious independence."

VOTE ON STRIKE IN SOUTH AFRICA

Miners Wish to Upset Wage Agreement

London, Oct. 19.—(Canadian Press Cable)—Reuters' Johannesburg correspondent reports the decision of the miners' union taken October 17, to take immediate action with a view to upsetting the wage agreement concluded last July and to take a strike ballot as having come as a "bombshell" to the public. The industrial situation is thus seen to be again clouding over.

In addition to the general question of the miners' wages, the workers in the East Rand mines threaten to strike at once as a protest against the employment of non-union miners.

BRITISH P. O. SAVINGS BANK.

The British Post Office Savings Bank, which has just completed its sixteenth year of business, now has 15,000 branches, and in 1920 had on balance due its depositors £265,000,000. Statistics of the Bank's progress received by the Bankers' Trust Company, of New York, from its English Information Service, disclose that the number of depositors has increased from 435 on the opening day in 1861 to 13,500,000 at present, with the addition of over 5,000,000 investors in Government securities obtained through the medium of the Bank.

LEAVES CABINET TO JOIN COMPANY

G. Langley Head of Saskatchewan Elevator Co.

Regina, Oct. 19.—The resignation of Hon. George Langley, Minister of Municipal Affairs in the Provincial Government, was announced last night by Premier Martin. Mr. Langley also will resign his seat in the Legislature and become president of the Saskatchewan Co-operative Elevator Company, the presidency of which Hon. J. A. Maharg resigned yesterday.

MEIGHEN SPOKE IN ONTARIO

Addresser Meetings in Spencerville and Brockville

Brockville, Ont., Oct. 19.—Premier Meighen addressed a meeting here last night, after having addressed a meeting in Spencerville in the afternoon, opening his campaign in Ontario.

He declared the language of Hon. T. A. Crerar's manifesto showed lack of courage, because it voiced vague charges without pointing out a single improper act on the part of the Government.

"I ask Mr. Crerar to get up and say where and when we did the bidding of the big interests," declared Premier Meighen. Mr. Crerar was himself a member of this Government and a half-term. Was he doing the bidding of big business then? Does he think we ceased to be virtuous just as soon as he left the Government? Does he think he was the only angel in the Sodom of politics?"

Mr. Meighen insisted that Mr. Crerar was at heart a Liberal. "By everything that animates me," he declared, "I say he used his party in the House of Commons and he will use it out of the House if he is allowed, simply to further the interests of the old Liberal Party with whom his heart is lodged. That is why I describe his party in the House as a discredited annex of the Liberal Party."

Mr. Meighen followed his usual argument in discussing the tariff. He condemned the policy of the Liberals and Progressives as being calculated to strangle Canadian industries and said that if the whole world was free trade he would still favor a protective policy for Canada. The Fordney Tariff Act had already shut Canadian goods to the value of \$165,000,000 out of the United States in a single year. When other countries were building up their tariffs, Canada would be ill-advised to lower hers.

G. H. Ferguson Spoke.
G. Howard Ferguson, Conservative leader in the Ontario Legislature, said the tariff policy of Mr. King would place this country under the domination of the United States. Hon. T. A. Crerar, he declared, stood for class domination, and did not attempt to deny it.

AUSTRALIAN MEAT FOR BRITISH TABLES

Increase in Trade Urged Upon Governments

London, Oct. 19.—(Canadian Press Cable)—A deputation of influential meat trade interests of Sydney, Australia, waited upon Sir Joseph Cook, Treasurer of the Australian Commonwealth, and asked him to urge the British Government to make Australian meat available for consumption without regard to profits thereon. The deputation explained that works in Australia represented £10,000,000 and works totalling £15,000,000 were idle.

Sir Joseph replied to the deputation that he was confident the British Government would afford the necessary relief because Australia has strongly stood behind Great Britain in the Great War and supplied British soldiers and sailors with cheap meat.

JOURNALISTS URGED TO STUDY CHINA

Press Congress of World in Honolulu

Honolulu, Oct. 18.—A plea for better understanding of China by the press was uttered by Hollington Tong, editor of The Weekly Review of Peking, in an address to-day before the Press Congress of the world. Pointing out that the Chinese people comprise one-fourth of the world's

population, Mr. Tong declared that "in the coming international struggle China is bound to play a principal part for good or for evil. If that struggle is not prevented by international understanding."

The general topic of this morning's discussion was the "obligations of journalism with reference to international relations."

The improvement of world news communication was discussed this afternoon.

HIGH TEMPERATURE.

San Bernardino, Cal., Oct. 18.—The thermometer registered 103 degrees here yesterday, the hottest day after the first week in October for the past thirty years. The temperature was 101 degrees on Monday.

Ministers Cut Expenses to Save Money for People

Pruning Knife Is Used In All Departments and Expenditure Is Kept Down to Revenue, Despite Heavy Calls On Treasury.

On its current expenditure of \$15,236,931, British Columbia had an actual deficit of only \$17,667, for the last fiscal year ending March 31, 1921, according to the public accounts presented to the Legislature by the Hon. John Hart, Minister of Finance.

If it had not been that public debt required an expenditure of nearly \$400,000 more than anticipated, there would have been a favorable balance of nearly \$350,000 in revenue over expenditure.

Estimated revenue for the year was \$13,978,245. Actual revenue turned out to be \$15,219,264.

Estimated current account expenditure was \$13,960,711. A total current account expenditure was \$15,236,931. Public debt of the Province took \$2,222,139 of the revenue instead of the estimated \$1,838,378.

Current assets of the Province are estimated at \$63,714,267. The balance by way of excess of current assets over current liabilities is \$932,728, according to the certified statement prepared by A. N. Mount.

Premier Makes Cuts.
Premier Oliver saved \$1,347 in the operation of his office. The Legislature set his office expenditure for the year at \$13,880. Of this only \$12,533 was spent. The rest went back into the Treasury of the Province.

Premier Oliver, as Minister of Industries, also cut down his expenditures in that department from an estimated \$27,040 to an actual \$16,476. As Minister of the Department of Railways he was faced with increased costs which resulted in an expenditure of \$144,812 instead of the estimated \$49,000. He, however, increased the revenue of this department from the estimated \$38,000 to \$50,582.

Barrow Uses Pruning Knife.
It was estimated that the Legislature would cost \$109,170 for the session. Because of the increase of members' salaries from \$1,500 to \$2,000 a year, the actual cost went up to \$124,768.

The Hon. E. D. Barrow, Minister of Agriculture, saved money on the operation of his department. The Legislature allowed him \$342,736 for the year, but he cut down expenses to \$322,865. Revenue from his department estimated at \$45,000 turned out to be \$39,167.

Farris Increases Revenue.
The Hon. J. W. de B. Farris, Attorney-General, faced with the heavy cost of enforcing the liquor laws and general increase in the work of his department throughout the Province and the operation of various welfare acts had to increase his expenditure from an estimate of \$1,183,720 to an actual of \$1,564,654.

Mr. Farris, however, is able to show a large increase in revenue in his department over what was anticipated. The estimated revenue for the year was \$1,562,500, but at the end of the year it was found to be \$1,793,303. Thus the Attorney-General through his department brought into the Treasury of the Province about a quarter of a million dollars more than he spent.

Because of the unemployment situation last winter, the Department of Labor, also under Mr. Farris, was faced with heavy outlays, which resulted in increasing the expenditure from an estimated of \$97,600 to an

actual of \$175,808. This gross expenditure is cut down, however, by a revenue of \$23,102.

Heavy Outlay on Schools.

Extension of the service of the Department of Education under the Hon. J. D. MacLean to the people of the Province resulted in an estimated expenditure of \$2,864,613, being turned into an actual of \$3,076,944. Revenue received by this department totaled \$35,561.

In the capacity as Provincial Secretary, Dr. MacLean increased his revenue from an estimated \$306,530 to an actual \$391,263. However, because of the increased activities and expenses in connection with the upkeep of hospitals, the health department, King's printer, libraries, registration of voters, and upkeep of various public offices throughout the Province, his outlay had to be increased from an estimated \$2,013,986 to \$2,216,913.

Hart Brings in Revenue.

Revenue of the Department of Finance under the Hon. John Hart was increased from an estimate of \$1,589,715 to an actual of \$3,831,827. Mr. Hart at the same time cut down the expenditure of his department from \$957,679, appropriated by the Legislature, to \$529,325, saving the people of the Province nearly \$130,000 for use in the work of some of the spending departments.

Sloan Makes Big Savings.

The Hon. William Sloan, Minister of Mines and Commissioner of Fisheries, also effected big savings in his department. For conduct of the fisheries he was allotted \$18,000 for the year, but cut his actual outlays down to \$15,972. He estimated his revenue at the beginning of the year at \$36,000. It turned out to be \$35,326.

In the Mines Department Mr. Sloan also brought about a big saving, using only \$299,583 of the \$375,201 provided for him. At the same time he increased the estimated revenue from \$162,000 to \$170,707.

Pattullo Has Success.

The Hon. T. D. Pattullo, presiding over the Department of Lands with its many branches and faced with a business depression, which made difficult the collection of licenses, brought into the treasury of the Province \$3,965,000 of the \$4,009,000 he estimated he could bring in at the beginning of the year. The expenditure of his department he reduced from an appropriation of \$1,224,395 to \$1,307,351.

King Aids Unemployed.

Because of the anxiety of the Government to provide as much road work as could be afforded to help out the unemployed, the Hon. J. H. King, Minister of Public Works, increased the expenditures on activities under him from the \$2,745,323 provided him by the Legislature to \$2,897,588. At the same time, however, he increased the revenue from an estimated sum of \$61,000 to \$78,725.

SPENT BY B. C.

ON P.G.E. LINE

Provincial Railway Shows Operating Deficit for Year

Revenue Below Running Cost on Both Sections

British Columbia has spent \$38,602,703 on the Pacific Great Eastern Railway up to the end of last month, according to returns presented to the Legislature by Premier Oliver.

Deficit on operating the whole line last year was \$375,642.

Total cost of operating the line for the year ending June 30, 1921, from Squamish to the head of steel and the North Vancouver division was \$828,950.

Total revenue from operating the line was \$453,307. The Squamish division gave a revenue of \$379,370 from all sources. It cost to operate it \$604,196.

The North Vancouver division gave a revenue of \$73,937 and cost \$134,753 to operate.

Since the end of June last, \$107,727 has been spent on the road. Interest during construction amounts to \$5,565,327.

Out of the P. G. E. Loan Act of 1921 there was spent up until June 30 of this year, \$2,901,290.

Other items going to make up the total expenditure include \$40,000 on capital stock paid up, \$14,224,400 on guaranteed bonds outstanding, and \$7,136,019 on the Loan Act of 1916.

The rest of the total is made up from Loan Acts of the various years.

Total capital stock of the road is \$25,000,000. Of this \$24,960,000 is unpaid.

Investment in road and equipment on the main line set down at \$36,275,110 and on the Peace River extension \$45,221.

Other assets include: Real estate, \$44,355; Squamish hydro-electric and waterworks plant, \$130,515; and other small items of physical property bringing the total value of physical property up to \$736,657.

Total assets on hand such as cash with the Minister of Finance and in various offices of the company, and the value of supplies and materials come to \$576,591.

WILL PRESS FOR FREE PORT AREA

(Continued from page 1)

More Self-Sustaining.

"When we consider the millions of dollars worth of imports into Canada in excess of our exports, we have the biggest incentive to bring into existence a system whereby we can remedy the situation. We should be more self-sustaining and we should be turning more of our vast natural resources into merchantable goods, thereby furnishing employment and reducing our financial obligations to other nations."

"Canada has a huge investment in railways and steamship lines. We have the facilities at Victoria to make it an immense outlet for the export trade which is bound to come to the Pacific Coast, and we should at once avail ourselves of these facilities to at once get better results and attain a more permanent position of affluence and prosperity."

"There is no doubt but that the free port area and the other means I have mentioned if put into practice, would furnish a vast amount of business for our national transportation facilities."

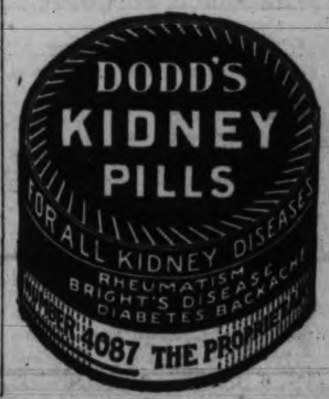

"All the nations of the world are now seeking to promote their trade in order quickly to re-establish their final status. Canada instead of increasing her imports and her obligations to other nations should get into the selling, the exporting class, and thus keep her place in the race for pre-war position in the world's trade."

"It has already been pointed out by experts who have gone fully into this matter, that the greatest seaports have either been free ports or they have had free port areas regulated to suit the conditions and the nature of the industry which each is best fitted to carry on."

"This matter has been so thoroughly dealt with and has been so unanimously accepted as the solution for a great many of our difficulties in promoting development that it is needless for me to recapitulate the various examples of success which have followed in the wake of free port establishments linked up with other local conditions."

"It was not much to ask that Victoria be given a free port area, yet the Federal Government has chosen to ignore the city's request that such be instituted here. With the five million-dollar investment of the people's money in the outer docks and breakwater and with the people's railways standing idle, it is the duty

of the Government to facilitate trade development on a basis that will encourage investment in industries and result in the employment of large numbers of our people, which, in turn, will result in increased activity in all kinds of kindred industries and bring general prosperity to our people," said Mr. Ivel.

PREMIER MEIGHEN'S CHALLENGE

Premier Meighen challenges Mr. Crerar to show wherein his Government has acted as the protector of big interests. It would be easy for the Progressive leader to meet that challenge. In a general sense all he needs to do is to quote Mr. Meighen's appeals for a protective tariff and cite the beneficiaries of that policy and the super-profits a protective tariff would guarantee to them. Incidentally, he could show that the same "protection" embodies no guarantees for the employees of protected establishments, or fair prices for the consumers of their products. He also might quote some of the evidence relative to profits elicited in the inquiry conducted by a special committee of Parliament—profits which in some instance were actually higher than one hundred per cent. on the money invested—which, of course, excludes watered stock from the computation.

If, however, Mr. Crerar desires to be more specific he could refer to the famous order of the Board of Commerce last fall which kept the prices of sugar much higher than the market figures in order to protect the profits of the refineries—an order which aroused such a storm of indignation throughout Canada that the Government after a long delay was forced to revise the order. Indeed, taking up Mr. Meighen's challenge would be about the easiest thing Mr. Crerar has had to do in the whole course of his political career.

ESSENTIAL CO-OPERATION.

It would not be fair to attribute something to President Harding which he never intended should be conveyed to the public mind by the phrases which he employed in his address at Yorkton to-day. At the same time one cannot help feeling that when he took occasion to renew the nation's pledge of participation in the broader affairs of the world, to assert a belief that the time has come for "essential co-operation" among the nations generally for the betterment of the world, he was finding it difficult to divorce his official endorsement of that movement towards world peace of which he is the originator from his personal support of that other agency which he felt compelled to denounce during his election campaign. Whatever was in his mind at the time it is good to know that the executive head of the Republic to the South seems determined that if the net result of the forthcoming gathering at Washington should fall short of the desired objective he will still be ready for that "essential co-operation" to which an Anglo-American understanding would bear witness. He is convinced that war between the two great Anglo-Saxon partners in the world of nations must be unthinkable. What else is there to keep them apart? What else is there to prevent them from becoming a League of Nations unto themselves? What other nation or group of nations dare defy these two in concord? Who shall remain armed if they choose to disarm?

THE PUBLIC ACCOUNTS.

Official statistics relating to the administration of the affairs of this or any other Province are seldom calculated to arouse a great deal of interest in the public mind unless there is either a gratifying surplus or a glaring deficit. The document presented to the Legislature yesterday afternoon by the Hon. John Hart discloses neither. It explains to all and sundry that the Minister erred on the right side in the matter of estimated revenue for he received something like one and a quarter million dollars

more than he anticipated. On the other hand he was compelled to pay out a little over two millions in excess of the amount contemplated. But it must be understood that against the increased expenditure will have to be set a sum of considerably more than four millions of dollars which rightly belongs to capital account. In other words for the twelve months trading in respect of current account Mr. Hart was less than eighteen thousand dollars on the wrong side of the ledger. Compared with other Provinces and many national budgets throughout the Empire British Columbia need not become unduly exercised over the showing which its public treasury has made during the fiscal year under review. This Province has been compelled and will still be compelled to borrow large sums of money in respect of an enterprise which has been anything but successful, but whose commitments present no practical alternative for the time being. And it can be set down that the difference between a gratifying surplus and a small deficit may be traced to the Pacific Great Eastern Railway and its demands upon the public purse. None the less there will be general satisfaction experienced in studying the amount of revenue which the Province has received during the fiscal year covered by the balance sheet in question. It is a far cry from a little over six millions of dollars in 1915-16 to fifteen and a quarter millions in 1920-21.

AN OBJECT LESSON.

The reception tendered to the Rev. W. G. Wilson, the new pastor of First Presbyterian Church, on Monday evening, furnished an object of Christian toleration and good-will which might very profitably be taken to heart in other parts of this Dominion, particularly in certain sections east of the Great Lakes. The occasion was marked by the presence of not only clergymen representing the other Protestant congregations of the city, but as well of the widely-respected head of this diocese of the Roman Catholic Church, Bishop Macdonald. This incident, to our mind, conspicuously reflects the fine spirit of fellowship and co-operation which exists among the spiritual leaders of our community and should be a happy augury for the reverend gentleman who was thus so auspiciously welcomed to his labors in Victoria.

THE P. G. E.

Not many people in British Columbia experience anything in the nature of a thrill when they ponder over the Pacific Great Eastern Railway and its annual drain upon the public treasury. In the document presented to the Legislature yesterday afternoon there is no attempt to juggle with the figures or to present a picture which does not exist. The statement of account indicates that this undertaking represents an investment of nearly forty million dollars which is exacting a large annual interest charge without any sort of accompaniment in the way of profit. On the other hand the figures show that the operating expenses of the line during the first year dealt with were something like three hundred and fifty-seven thousand dollars in excess of the earnings of the system. What prospect there is of reducing the gulf which separates an operating profit from an operating loss may not be determined at this stage. For the time being the Province is faced with large outlays upon construction account, an annual interest charge which has already exceeded the six figure mark, and a general operating loss. These are facts which command the respect and serious consideration of the Legislature.

NOTE AND COMMENT

Despite the brevity of His Honor's speech the local Legislature will find it a long enough text for talk.

Toronto, Globe describes Mr. Crerar as a "new type" on the hustings. It says he does not indulge in the familiar slashing tactics, confines himself to issues instead of personalities, and "talks" to his audiences instead of trying to deliver orations. If

Mr. Crerar is a "new type," it is a type the electors sadly need. They are surfeited with the other kind.

If the Ulster volunteers and the "republican" army continue to drill and prepare for war how on earth can they expect the negotiations at Downing to succeed?

It has taken the recently appointed committee on Government expenditure to discover that the number of men in the British army is ten thousand in excess of the 1914 establishment.

Attorney-General Farris has been asked to assist in the discovery of Albert Horace Smith whose address is given as Canada. Unfortunately he is not informed which side of the street Smith occupies.

Premier Briand's decision to go to Washington for the disarmament conference has been made the subject of Opposition attack in the Chamber of Deputies. Everything is now in order for his departure at the appointed time.

You cannot blame a farmer for feeling sore when he learns that Canadian made farming implements can be purchased in foreign countries much cheaper than he can purchase them in Canada.

LIBERAL SWEEP COMING, SAYS KING

But Pacific Coast Will Have to Come Through to Assure It

If Liberals on the Pacific Coast are only as strong as they are in the East, there is going to be a grand Liberal sweep of Canada, the Hon. W. L. Mackenzie King, leader of the Liberal party, informed Premier Oliver to-day in a written review of the political situation. "Throughout the Maritime Provinces, my colleagues and I have been meeting with the most gratifying reception," Mr. King says. "There is no question about the strength of Liberal sentiment in the East. If Liberalism is at all strong on the Pacific Coast, there can be but one result on polling day, and the return of a Liberal administration is assured."

PAY ONE-THIRD IF B. C. WILL

Ottawa Makes Proposals on Extra Cost of Work to Help Out Employment

Dominion Government will provide one-third of the additional cost of doing municipal improvement work during the winter season if the Province will also contribute one-third, Premier Oliver was informed to-day by Senator Gideon Robertson, Minister of Labor at Ottawa. This is being done to aid in providing work for unemployed. "Extra cost means the additional cost of construction during the winter months over and above what would be required were the same done during the summer season," the Premier said. "The proposed aid does not extend to unorganized districts."

Premier Oliver said to-day that he will ask that work done for the purpose of providing employment in unorganized districts, be placed on an equality with that done in municipal areas.

"The stars incline, but do not compel."

HOROSCOPE

WEDNESDAY, OCTOBER 19, 1921.
(Copyright, 1921, by The McClure Newspaper Syndicate.)

Venus and Saturn dominates this day in horoscope and it should bring many blessings to humanity, or at least cause men and women to appreciate the good things that they enjoy.

The rule is a most auspicious one for the project of women, who are to become more and more a power in public affairs after careful preparation for their large responsibility.

The seers declare that women are to experience many disappointments in public work, and yet after encountering great obstacles they are to succeed through conscientious preparation for large tasks.

This should be an auspicious wedding day. Long life and great happiness are indicated by the aspect of Venus.

Theaters will profit by this way of the stars which makes for the long run of plays and a settled policy that wins public favor.

One should make the best of the opportunities offered to-day. There is a prognostication of the rise of new stars who shall enjoy supreme honors.

While there are many encouraging signs for women it is written in the heavens that they must become less vain and self-centered through severe experience.

The new are heralded with the ending of the world war is to be recognized by sweeping changes aided through the strong direction of beneficent planets.

The West Indies, which are to be much disturbed, will present new problems to the United States, it is prophesied.

Race antagonisms will come into national notice before the new year, owing to an unfortunate incident.

Fame for one of the oldest and most modest of American statesmen is prophesied.

Persons whose birthday it is may expect a happy and successful year, but they must avoid new loves and new business enterprises.

PACIFIC NORTH WEST TOURIST TRAVEL GROWING

Mr. Kingham Gives Impressions on Recent Meeting

"I am more than ever convinced that it is a very great benefit for the people of Portland to be associated with the states of Oregon and Washington in a publicity campaign for the development of the whole Pacific Northwest," said Mr. Joshua Kingham, president of the Associated Boards of Trade of British Columbia, who has just returned from the annual meeting of the Pacific Northwest Tourist Association, held at Portland on Saturday last.

"It was an inspiration to be present at this all-day meeting, first of the directors in the morning, when the details of the affairs of the association were very carefully considered and discussed for nearly four hours by some of the most representative business men, spread over a territory of nearly one thousand miles, and the affairs dealt with as if they belonged to the private business of each man, and, then in the afternoon, when the objects of the association were discussed by the members of the association and the general public."

Testimony To Service

"It was a very pleasing and gratifying incident when Governor Olcott and Mr. Julius L. Meier, president of the Portland Exposition, dropped into the meeting to express their appreciation of the work the association is doing. Governor Olcott said that he had been watching the affairs of the association since its inception and he wanted to see the work that was being performed by the directors in giving up their time and spending their own money in attending the meetings, and other ways to make possible this development of Oregon, Washington and British Columbia, by expert, well planned and efficient advertising."

Mr. Meier said that he wanted to express his satisfaction with the work of the association, realizing that it had been a big factor in drawing natural attention to this northwestern country. "I wish," said Mr. Kingham, "that our business men and members of our association could have heard the practical and concise report of the president on the inner workings of the association, because I am convinced that they would appreciate the advantages that come to this Province by sharing equally in the benefits derived from the operations of only one office of the coast."

Beneficial Expenditure.
"In other words, throughout the United States and Canada, and in other countries as well, the climatic and scenic advantages and the natural resources of British Columbia are being made known to the rest of the world, with Oregon and Washington, and for every \$5 spent, only one is contributed by this Province, and I know of no other expenditure that the Province can make which is so beneficial to her, and which produces so many direct results as the money entrusted to the Pacific Northwest Tourist Association for publicity purposes."

"A most striking testimony to the wisdom of the policy followed by the tourist association for the past five years, in existing for tourists as a means of bringing industries, is furnished by the Seattle Chamber of Commerce. Two years ago a large annual fund was subscribed for the purpose of advertising for industries, but during the past year the Chamber has found that they are much more likely to bring industries to Seattle by advertising for tourists than for industries, and therefore this fund is being placed at the disposal of a tourist committee, to be used in attracting tourists. It is a strange coincidence that the chairman of the tourist committee, Mr. P. H. Watt, and the chairman of the convention committee, Mr. Herbert Witherspoon, vice-president of the advertisement, are both directors of the Pacific Northwest Tourist Association."

Low Overhead.

"One thing that was most favorably commented upon by everybody was the smallness of the cost of running the association in relation to its income. With the exception of the office rent and clerical help, which is perhaps the smallest of any organization in America, for the amount of work accomplished, there is practically no overhead, as three-fourths of the secretary's time is taken up by straight publicity work, either in the preparation of the advertisements, illustrated articles, which go all over the continent, or in public addresses to business men not only in the Pacific Northwest but in other parts of the country as well; in fact no less than thirty-five of these addresses have been published in from one to 120 newspapers at one time. Several of the directors drew the attention of the meeting to the excellent results that had followed the visits of the secretary to their communities," Mr. Kingham remarked.

Friendship Developed.

"There is one other aspect of this association which is probably worth all that it costs the province of British Columbia, even apart from its advertising, and that is the friendship which has been cemented amongst the business men of Oregon, Washington and the province of British Columbia, as two separate peo-

ple, of two separate nations, who have banded themselves together for the purpose of developing this section of the North American continent, irrespective of state, provincial, or national lines. The meeting together of these men from time to time has created a good will for British Columbia and for Canada, the benefits of which can hardly be estimated, and not only that, but also among the one hundred and ten million people of the United States. It is an example which cannot fail to be noticed of the harmony and friendly spirit which is existing between Canadians and Americans on the Pacific Coast, and stimulating to such a friendship all over the continent."

"Surely the promotion of such a feeling in such a way is worth the amount of money contributed by the province of British Columbia to this advertising campaign," Mr. Kingham proceeded, "and the fact that this friendship induces thousands of American tourists to come over here and leave their money behind them, and to learn to know of the resources and opportunities that British Columbia offers to capital and to those seeking industrial enterprises, is almost ineffable. It must have another effect, and that is the popularizing of British Columbia securities in the American market, and in making them much easier to dispose of."

Mr. Kingham was loud in praise of the hospitality and public spiritedness of the people of Portland. He was also very much pleased with the enthusiasm displayed in the re-election of Alderman A. E. Todd, as honorary president, and of Victoria's late townsmen, Herbert Guthbert, as secretary and manager.

ONTARIO FINDS CRERAR NEW TYPE

(Continued from page 1.)
Macdonald, Man.

Winnipeg, Oct. 19.—Confirmation of the report that R. C. Henderson, Meighen party candidate in Macdonald constituency, would withdraw from the contest, was obtained here last night with the announcement that a new convention had been called for October 25. This will make the third nominating convention held in the Macdonald constituency for the selection of a Meighen party candidate.

Dr. Chabot.

Ottawa, Oct. 19.—In a letter to F. B. Hogg, president of the Ottawa Liberal and Conservative Association, yesterday afternoon, Dr. J. L. Chabot, late member, announced that he would not be a candidate for re-nomination as the party's standard-bearer in the forthcoming election. The Conservative convention will be held Friday.

H. Bourassa.

Montreal, Oct. 19.—According to friends of Henri Bourassa, it is unlikely the Nationalist chief will accept a nomination to run for Parliament in Labelle.

Yukon.

Dawson, Y. T., Oct. 18.—The National Liberal and Conservative Party in convention here last night nominated Major George Black, of Vancouver, former Commissioner of the Yukon, at its candidate in the Federal election. No other name was submitted to the convention. Dr. Alfred Thompson, who represented the constituency in 1916, and from 1911 till the recent dissolution, had announced his intention to retire.

Major Black is now in Vancouver. He expects to be there within a few days for Dawson to open his campaign in the Territory. George Norris Williams, who has been appointed chief returning officer for the Yukon, was administrator of the Territory.

RAILWAYMEN'S COMMITTEE MEETS

(Continued from page 1.)

local developments were expected to-day. Reports from military area headquarters that steps were being taken to list men in the service who have had experience in various phases of railroad work are understood not to be the result of a general order from Secretary Weeks.

No Stoppage.

Columbus, Ohio, Oct. 19.—National headquarters of the Railroad Yardmasters' Association of America, with a membership of more than 8,000 throughout the country, to-day sent out notices to its members to remain at work performing their usual duties in the event of a railroad workers' strike.

To Move Necessarily.

Chicago, Oct. 19.—In the event the threatened railroad strike is called the roads are prepared to "do our utmost to move necessities, utilizing to the fullest possible extent all the man-power available." Charles M. Markham, president of the Illinois Central Railroad, declared to-day in an address before the American Mining Congress.

ADVANCE TOWARD CHRISTIAN UNITY

Fredericton, N. B., Oct. 19.—The Maritime Baptist Union yesterday adopted a resolution expressing its most sympathetic relationship with other Christian communities.

TWENTY-FIVE YEARS AGO TO-DAY

Victoria Daily Times, October 19, 1896

A special meeting of the City Council will be held to-morrow to consider the proposal that the city take over the Consolidated Railway Company's street car lines here. The Company is still negotiating with the city for the purpose of having a satisfactory bridge installed at Point Ellice.

Key West—For three hours last Friday the United States and Spain were on the verge of war and the threatening situation was only relieved when the Spanish authorities ignominiously backed down.

Constantinople—The Sultan has agreed to carry out reforms in the administration of Armenia.

The Victorians who went to Tacoma to take part in the Tacoma Rifle, Rod and Gun Club tournament as usual gave a good account of themselves.

INCOME TAXES PAY MOST B. C. BILLS

Timber Licenses Also Bring in Big Revenue: Where Other Revenue Comes From

Income taxes brought into the treasury of British Columbia last year the greatest revenue from any one source.

Out of a total revenue actually received of \$1,415,004, the provincial income tax contributed \$2,005,973. The next largest sum came from timber licenses, which yielded \$1,920,542. Timber royalties yielded \$1,815,557.

Real property taxes came third, yielding \$1,048,343, while wild lands coal and timber lands yielded \$861,811. The personal property tax which is to be divided among the municipalities, according to the proposals of Premier Oliver, amounted to \$909,603 last year, which may now be abolished and replaced by a one per cent. income tax to cover all incomes without any minimum exemption, yielded \$203,680 last year.

Tax on amusement tickets brought in \$48,879.

From the Dominion Government a cash grant of last year receded to the annual subsidy of \$180,000, a per capita grant of \$313,984, and the annual interest amounting to \$29,151.

The total tax brought in \$119,342, and the coal and coke tax \$216,430.

ROSICRUCIAN FELLOWSHIP'S CASE

Invitation to All Denominations to Join

At 217 Pemberton Building on Sunday evening, E. L. Hodges, lecturer for the Rosicrucian Fellowship, took for his subject, "The Rosicrucian Fellowship and Its Mission."

In the course of his remarks the lecturer stated that in defining his subject he could not do better than to quote largely from the Fellowship's own literature, that the Rosicrucian Fellowship is a movement for the dissemination of a definite logical, teaching, concerning the origin, evolution and future development of the world and man, showing both the spiritual and scientific aspects, a teaching which makes no statements that are not supported by reason and logic.

"It satisfies the mind by giving clear explanations and neither begs nor evades questions," said the speaker. "It holds out a reasonable solution to all mysteries, but Rosicrucian Christianity does not regard the intellectual understanding of God and the universe as an end in itself far from it.

"The greater the intellect the greater the danger of its misuse. Therefore, the scientific teaching is only given in order that man may believe and start to live the religious life which alone can bring true fellowship," Mr. Hodges proceeded.

"The Rosicrucian Fellowship aims to make the Christian religion a living factor in the land," said the speaker. "It encourages people to remain with their churches as long as they can find spiritual comfort there, and gives them, at the same time, the explanations which creeds may have obscured. To such as have already severed their connection with the church it offers the Christian teachings from a new viewpoint, so that they may again be accepted and their essential beauty recognized."

Draws a Parallel.

"People of various denominations enter educational institutions such as Harvard or Yale to study mythology, psychology or comparative religion. Without prejudice to their religious affiliations, students may enroll with the Rosicrucian Fellowship on the same basis," Mr. Hodges proceeded. "Any one is eligible who is not a hypocrite or professionally engaged as a medium, palmist, or an astrologer."

PAIN GONE! RUB SORE, RHEUMATIC ACHING JOINTS

Rub Pain Away With a Small Trial Bottle of Old "St. Jacobs Oil."

Stop "dosing" Rheumatism.

It's pain only; not one case in fifty requires internal treatment. Rub soothing, penetrating "St. Jacobs Oil" right on the "tender spot," and by the time you say Jack Robinson—out comes the rheumatic pain and distress. "St. Jacobs Oil" is a harmless rheumatism liniment which never disappoints and doesn't burn the skin. It takes pain, soreness and stiffness from aching joints, muscles and bones; stops sciatica, lumbago, backache and neuralgia.

Limber up! Get a small trial bottle of old-time, honest "St. Jacobs Oil" from any drug store, and in a moment, you'll be free from pains, aches and stiffness. Don't suffer! Rub rheumatism away. (Adv.)

THE NORTH-WEST BISCUIT COMPANY LTD.
EDMONTON, ALTA.Ladies' Auxiliary to A. and N. V.—
There was a good attendance
of members at the meeting
yesterday of the Ladies' Auxiliary
to the Army and Navy Veterans,
with the president, Mrs. Chapman,
in the chair. Good reports were
received from the recently held
silver tea, and the sum of \$5 was
voted to the Hospital ball. Themilitary "500" party, which was
arranged for this evening, has been
postponed until Wednesday, October
26, when Mrs. Chambers will be in
charge, assisted by Mrs. M. McDonald
and Mrs. B. M. Johnson. A special
meeting will be held on Thursday
afternoon at 2 o'clock, at the home of
Mrs. H. Chapman, Courtney Street,
in order to discuss matters in con-
nection with the Toronto convention.**Social Personal**J. A. Campbell, of Calgary, is a

men's Institute exhibition, being most successful in the class for the best
baby in the show, the best on points and the best baby girl.**Women's Organizations Pay
Tribute to Mrs. Jenkins****Four Hundred Women At Yesterday's Reception Under
Women's Canadian Club Auspices.**In these days when there is a tendency to reserve as post
mortem honors those tributes of esteem which follow a long and
useful life spent in the best interests of the community, a special
significance attaches to the reception tendered to Mrs. Margaret
Jenkins yesterday afternoon on the occasion of her withdrawal
from active public life, following her resignation of the presidency
of the Women's Canadian Club.Arranged by the Club, of which she held the chief executive
position for nine years, the reception furnished an opportunity
for representatives of other orga-
nizations with which Mrs. Jenkins has
been actively associated to add their
meed of praise to the manifold tribute
to her outstanding ability.Nearly four hundred women
thronged the Empress ballroom,
to which the flower-decorated tea-
tables gave an attractive social air.
On the platform with its huge bowls
of crimson dahlias sat the guest of
honor, Mrs. Jenkins, with Mrs. J. E.
C. Spofford, first vice-president,
Club's Bouquet.In a charming little address, Mrs.
Hyndman recorded the club's appre-
ciation of the late president's many
years of service, recounting the pro-
gress made by the club under her
wise guidance and able leadership.
Little Miss Gwendolyn Gardiner, on
behalf of the club, then presented
Mrs. Jenkins with a beautiful bouquet
of Ophelia roses tied with mauve
tulle.Mrs. E. O. Weston, representing the
Ladies' Aid of the Metropolitan
Church, spoke of Mrs. Jenkins's faith-
ful work in that organization and was
followed by Trustee George Jay, of
the Victoria School Board, who paid
eloquent tribute to her pioneer work
in that body, with which she had been
associated for nineteen years. Thanks
to her untiring efforts, domestic sci-
ence had been established in the
schools, while several of the fine
schools in the city owed their incep-
tion to her persistent advocacy.On behalf of the Local Council of
Women, Mrs. H. W. Graves presented
Mrs. Jenkins with a lovely bouquet
of roses and snapdragons, explaining
that in the language of flowers, roses
signified love, and she hoped that the
snapdragons would be taken to mean
that the recipient might "long be filled
with the snap of life to fight the
dragon of ignorance." Mrs. Curtis
Sampson, for the Municipal Chapter,
I. O. D. E.; Miss Lottie Bowron, for
the Women's Conservative Club; Mrs.
Alice Thomson and Mrs. W. R. Sayer,
for the Connaught Seamen's Institute;
Mrs. C. C. Spofford, for the W. C.
T. U.; and Mrs. Hyndman, for the
University Women's Club, of which
Mrs. Jenkins is an honorary member,
all paid tribute to her manifold activi-
ties and loyal service."A Great Mother."
Speaking with considerable emotion,
Mrs. Emmeline Pankhurst referred to
Mrs. Jenkins as one of the band of
noble pioneer women who at a time
when conditions were very different to
what they are to-day, took up the
fight for reform and gave of their best
in the language of flowers. "Only one
tribute is lacking to-day," continued
the speaker, "I refer to Mrs. Jenkins's
family who could, I am sure, tell us
something about her sustaining power
and goodness as a mother. Mrs. Jen-
kins is not only a great public
woman and pioneer, but she is also an
outstanding woman in her home life,
as a mother."In addition to the gifts of flowers,
tangible tributes presented to Mrs.
Jenkins included a box from the W. C.
T. U. and the Methodist Ladies' Aid,
and a silver membership badge from
the Local Council of Women.

Mrs. Jenkins's Response.

In acknowledging the many tokens

of appreciation, Mrs. Jenkins con-
fessed that for almost the first time
in her long life words failed her. In
reminiscent vein she recalled her
early days in the W. C. T. U. move-
ment and paid tribute to the late
Frances Willard who had been her
inspiration. Throughout her life she
had taken as her motto the couplet:
"For the wrongs that need resistance,
For the cause that needs assistance,
And the gathering of women to do
her honor convinced her that after
all her work had not been lost nor
had her life been purposeless."

"Musical Club's Tribute."

The tribute of the Ladies' Musical
club took the delightful form of a
musical programme arranged by
Mrs. S. MacLure, Mrs. Harry Briggs,
Miss Eva Hart, and Miss Nellie Lu-
grin contributed vocal numbers,
while Mrs. A. J. Gibson and Senor
Jose Rodriguez gave pianoforte num-
bers. Mrs. Gibson also acting as ac-
companied with her usual charm.

Tea Arrangements.

Tea was then served, the guests
at the main table including Mrs. Jen-
kins, Mrs. W. E. Emery, Mrs. J. Fox
and Mrs. H. N. Jenkins, of Seattle;
Mrs. Pankhurst, Mrs. C. C. Spofford,
Mrs. Curtis Sampson, Mrs. H. W.
Graves, Mrs. E. O. Weston, Miss
Bowron, Mrs. Alice Thomson, Mrs.
W. R. Sayer, Mrs. Gideon Hicks,
Mrs. S. MacLure, Mrs. H. Briggs,
Mrs. A. J. Gibson, Miss Lu-
grin, Senor Rodriguez, Mrs. A. J. Clyde,
Mrs. George Jay, Mrs. J. P. C. Hynd-
man, Miss Stewart, Mrs. C. W.
Bradshaw, Mrs. Percy Elliott, Mrs.
H. P. Hodges, Mrs. W. A. Galli-
her, Mrs. S. F. Tolmie, Mrs. W. A.
Jameson, Mrs. W. H. Gee, Miss Clay,
Mrs. J. H. Fletcher and Miss Spen-
cer.Mrs. C. W. Bradshaw had charge
of the tea arrangements and was as-
sisted in serving her guests by Mrs.

CAPITOL

No fashionable cabaret in New York, the City of Lights, can surpass in brilliance or color or extravagance of finish that which is used in George Fitzmaurice's "Paramount" production of "Experience," which is now showing at the Capitol Theatre all week.

The scenario of this well-known play by George V. Hobart, called for a typical New York restaurant, after the manner of such institutions of pleasure before the days of prohibition. No expense was spared to make this scene realistic and beautiful.

The color scheme is black and gold with a background of gold metal cloth. Huge ornate pillars, capped with metal domes, are set at intervals on the dining room floor.

A striking effect was obtained in this scene by the use of four little girls who soared above the dancers in swags and dropped rose-leaves on the crowd below. Five hundred pounds of artificial rose-leaves and two bushels of confetti were let loose from "snow" banks above the setting.

Although only one quarter of the cabaret was built, it accommodated four hundred people. For richness of color and novelty, this has seldom been surpassed in any picture.

Barthelemie, a popular young screen player, has the leading role of "Youth."

Some splendid musical numbers are rendered by the Capitol Ladies' Trio, their dainty song offerings are quite one of the best things lately heard at the Capitol.

AMUSEMENTS TO-DAY

Capitol—"Experience."

Variety—"Nobody's Kid."

Columbia—"The Branding Iron."

Princess—"Mrs. Wiggs of the Cabbage Patch."

Royal—"Ace of Hearts."

Domination—"A Wise Fool."

will form an entertainment well worthy of support.

DOMINION

James Kirkwood, well known leading man, featured player in George Fitzmaurice's Paramount production of "A Wise Fool," based on Sir Gilbert Parker's novel, "The Money Master," which will be shown at the Dominion Theatre all this week, is said to present an extremely artistic portrayal of the role of Jean Jacques Barthelemie, a French-Canadian philosopher and egotist about whom the heart interest of the story revolves.

Alice Hollister and Ann Forrest are seen in the leading feminine roles, and other players include Alan Hale, Truly Shattuck, Fred Huntley, Harry Duffell, William Boyd, Charles Ogilvie, John Herdman and Mabel Van Buren.

APHRODITE

All records for stage gorgeousness and beauty pale when compared with the elaborate and magnificent spectacle which F. Ray Comstock and Morris Gest will send to the Avenue Theatre, Vancouver, for one week commencing Monday, Oct. 24, matinee Wednesday and Saturday.

As a footlighting of a romance of ancient Egypt in the days when gods of earth and gods of clay rules the tempestuous passions of men, this spectacle is one of the most thrilling, as well as interesting, that the modern stage has witnessed. Three hundred people are employed in its telling, and there are ten enormous scenes.

WITH "HELLO, CANADA"

Mr. de Courville is looking forward eagerly to his tour. He says he hopes to convince Canadians that British producers are anxious to give us only the best. This review is brand new in every direction, he says. I have spent a hundred thousand dollars upon it up to the present time. It is positively the best I can give you. I have brought only the pink of my star artists from the Gaiety Theatre, and our Beauty Chorus was chosen by me from over four thousand girls who applied to come to Canada with us in this show. The scenery and the costumes are beautiful. I think you will agree, when you see them. We have just done our best in every direction in the hope of pleasing you in Canada, and we are confident that every member of the company will do the same. We only hope that we shall succeed in satisfying you all. From Montreal Daily Star, Oct. 16.

HER LONG SEARCH IS NOW REWARDED

Mrs. Ida Pickett Was Twenty-five Years Trying to Find Relief; At Last Succeeds

Mrs. Ida Pickett, 274 South Division St., Buffalo, N. Y., says:

"Twenty-five years is a long time to keep looking for something without finding it, and it's no wonder I almost lost hope. But finally found what I was hunting—a medicine to relieve me of an awful case of indigestion."

PRINCESS

This week's offering by the Mildred Page Players will be "Mrs. Wiggs of the Cabbage Patch," a famous comedy of tears, well known first as a popular book and then as a play. The talented Mildred Page Players are quite equal to the task of giving the play in the finest style. All the company will be at their best, and while the play alone is up to or above the usual offerings of this company, there will be in addition a number of clever singing and dancing specialties which cannot fail to delight those attending. There will also be another contest announced Wednesday night, and prizes for the same given out one week from Wednesday.

ROYAL VICTORIA

Few people realize how carefully newly made negative prints have been made, and how the excellence of the process of these exposed strips of celluloid may be seen in the way some original outdoor scenes in the Goldwyn picture, "Ace of Hearts," were guarded from the time of exposure until they were safely locked in the studio fire-proof vault. This Gouverneur Morris play, which was directed by Wallace Worley, will be shown at the Royal Victoria Theatre again to-day.

As the spot chosen to take the outdoor scenes was snowed in, the director had to take along a complete caravansary from the Goldwyn studios. This included a chef and provisions to last a few days. The trucks, loaded with bedding, food and various properties, besides seven touring cars carrying the personnel, made up the procession.

The camera was carried in a car, with supplies between two other machines. The reason for this is that if anything happens to the camera car, the photographic outfit may be transported either in the leading or the trailing car.

In returning to the studio after the outdoor scenes had been taken, the camera with its exposed films, was transported in the same way as on the outward journey. The men in charge of the films never let it out of their sight until it was safely locked in the studio vaults; for not only was the expense involved high, but it would have been impossible to duplicate the scenes.

A musical treat is in store for music lovers when they hear the Royal Musical Trio at the above theatre this week. A programme has been chosen that will appeal to all tastes. This, in addition to a good comedy, Bruce Scenic, and a Bray Photoplay.

PLAN CONFERENCE OF ALL MOTORISTS

Victoria Automobile Club Holds Its General Meeting

A monster convention of motorists from all parts of Vancouver Island will be held in Victoria on November 2 under the auspices of the Victoria Automobile Club. It was decided at a general meeting of the club last night in the Pemberton Building, Norman A. Yarrow, the president of the club, occupied the chair, and the meeting was a most enthusiastic one and a great deal of business was disposed of.

Gilbert D. Christie, was appointed chairman of the convention committee and a very successful conference in the interest of motorists is assured. The Nanaimo Automobile Club is taking an active part in the convention plans, and a large delegation from Nanaimo and surrounding district is expected.

The club already has a membership of over two hundred and fifty, and new applications will be passed on at the next meeting of the directors, which will be held next week.

Motor Camp Site.

A committee was named to investigate the possibilities of establishing a motorcamp site in Victoria in readiness for next season's tourist travel, which is expected to be very heavy, as J. G. Thomson, of the Victoria and Island Development Association, reported that it was expected a ferry having a capacity of 65 or 70 cars would be put in operation next year between Port Angeles and Victoria, thus making Victoria the gateway to Vancouver Island for motor travel.

A committee was also named to interview the Government as to what plans would be made for publicity in connection with the change in the rule of the road, so as to insure safety during the first days of the change, when it is expected that accidents are sure to result unless people are warned to be careful in observing the new rules.

Quite a lot of discussion was given the question of road improvements and developments on Vancouver Island on Saturday next at the Hotel Sannich, gave a report as to what was being done in that municipality.

"MAIN STREET" NOW ON STAGE

Popularity of Novel to Be Printed by The Times Leads to Its Dramatization

New York, Oct. 19.—The play "Main Street" with its exaggerated characters and plot does not measure up artistically to the standard of the famous novel.

The novel's chief interest is in what Carol Kennicott, the city-bred wife, said to Dr. Will, her Gopher Prairie-bred husband—and what the neighbors said about them. Sinclair Lewis has a subtle way of turning this gossip into character delineation.

This subtlety is lost in the play. Romance would have fled long before matrimony arrived if Carol Kennicott were such a girl as Alma Tell plays her and Dr. Kennicott were such a man as McKay Morris delineates him in the new drama running here.

The innocent interest of Carol in Erik Valborg, the youth with ambitions to leave Gopher Prairie and make a mark in the world, is converted into a guilty situation on the stage. The affair between her husband and his boyhood sweetheart becomes an open scandal.

"IN THE QUEEN'S SERVICE"

"In the Queen's Service," the next offering from that talented company of players—The Victoria Dramatic and Operatic Society—is to be produced on Saturday next at the Little Theatre and will hold the boards each night of the following week. The play revolves around the person of Valerie de la Vorraye, an heiress and an orphan, who is sent in duress by a scheming woman, and whose letter begging the help of the Queen is the immediate cause of all the adventures of the hero and herself.

This hero is dispatched by the Queen to obtain possession of Valerie and it only after many fruitless attempts that he finally, by subterfuge, obtains the heiress. Valerie, who attains not only the object which he sought but also a very loveable and wealthy bride. The play teems with plots, intrigues, sword-play, adventure and romance and the costumes of France in the sixteenth century lend a charm and beauty which cannot but enhance the interest of so thrilling a drama.

The play is directed by Eileen Allwood and will undoubtedly be interpreted with charm and a full appreciation of its artistic requirements and its possibilities. It is a pathetic part in many ways and yet without it gives chances of showing a forceful determination of character, a high sense of duty, and a deep affection. Her ne'er-do-well wooer, Marius de Condillac, is portrayed as a weak and despicable youth in every way and this exacting role is to be played by Mr. Alce McPhillips who expressed himself as having no less an interesting part to play notwithstanding the character of Marius will most certainly not win the approbation of the audience.

Mrs. Fred Bailey and Mr. "Bob" Webb are the villainess and the hero respectively and other smaller parts are to be taken by Mrs. Fairbairn and Messrs. Herbert Kent, C. R. Dunford, T. Lewis and J. Gillan.

The taste for drama of a romantic type is as prevalent as many would have us believe then this play should be well attended. As the accommodation of the Little Theatre is less than 250 intending patrons would be well advised to make their

reservations early. The Box Office is open at Kent's Edison Store after 10 a. m. by day and in the evenings at the Theatre.

District Manager of Hudson's Bay Company Returns to Edmonton

C. C. Sinclair, district manager of the Hudson's Bay Company, returned to Edmonton via the last train from Fort McMurray after an extensive trip of inspection of the company's posts as far as Fort McPherson. There are in all thirty-five posts scattered between Edmonton and the Arctic, included in Mr. Sinclair's district. Every Summer the annual trip of

inspection by district manager Sinclair is made to check up the trade at the various posts, which include those of the Peace River and Athabasca districts. All are at present operating and preparing for a good season's catch of fur this year.

Mr. Sinclair said that indications in the north this year point to an early winter. While at Fort Chipewyan, on the way to Fort McMurray, passengers on board the boat saw large numbers of walrus in the vicinity, a distinctly northern bird which only migrates south so soon, in view of an early winter. Mr. Sinclair points out that on the corresponding day last year he was in the Chipewyan district and that there was not a walrus to be seen from the north at that time.

Twice at Norman.

During the past Summer, the district manager of the Hudson's Bay Company has visited Norman twice. The steamer "Mackenzie River" on his last trip down from Norman to Smith brought over ninety passengers. Thirty or more remained at Smith, including part of the surveying parties of engineers Whittaker,

McKechnie Cup May Return This Season

Splitting of Vancouver Rugby Strength Into Two Teams Gives Capitals Fine Chance to Recover Trophy; Schedule Drafted For Season, 'Varsity, Vancouver and Victoria Each Playing Four Games.

Victoria's chances of lifting the McKechnie Cup, emblematic of the rugby championship of British Columbia, should be exceedingly bright this year. Vancouver's rep. squad will no longer have the advantage of drawing on 'Varsity for the bulk of its force. The collegians have entered a separate team and this will split the strength of the Mainlanders. It, however, should work to the advantage of the Capitals.

Last year a vigorous campaign was launched here to have 'Varsity and Vancouver split up. It was not considered fair that Victoria should have to compete against the combined forces of

Vancouver and 'Varsity, the latter drawing players from all over British Columbia—and actually having local players on its line-up. There was much opposition to the move on the part of the Mainlanders and they urged that in the earlier days of the game Victoria always strengthened its line-up with men from the Imperial naval squadron.

Varsity Helped Matter.

This season, however, the ambitious 'Varsity squad settled the matter by making application for consideration in the play-off. The Collegians are anxious to annex every sporting trophy in the world and they figure that the McKechnie Cup is worth striving for.

At the annual meeting of the British Columbia Rugby Union held in Vancouver last night and attended by "Heb" Gillespie and J. B. Acland, of the local union, it was decided to admit 'Varsity. This necessitated the drafting of a schedule entirely different to anything known in the past. 'Varsity and Vancouver will each play in Victoria once during the season and the Capitals will travel across the Gulf twice in pursuit of the trophy, which Vancouver won last year.

Chances Are Very Good.

Last year when Victoria pitted its rep. squad against the combined 'Varsity and Vancouver force it made a showing which augurs well for the success of the locals this season. Had it not been for the hopeless showing made here by the Capitals in the opening game the McKechnie Cup would have left. In the remaining three games, Victoria made a wonderful showing and had the best of things.

"It looks like the biggest year the game has had on the coast," stated President Gillespie on his return from Vancouver this morning. "In Victoria the season will be the best we have ever had and in Vancouver the promoters of the game are a wonderful team."

The Schedule.

The schedule adopted for the McKechnie Cup series is as follows: Victoria Rep. vs. U. B. C., at Vancouver, November 7. Victoria Rep. vs. Vancouver Rep., at Vancouver, November 19. Victoria Rep. vs. Vancouver Rep., at Victoria, December 10. U. B. C. vs. Victoria Rep., at Victoria, January 7. Vancouver Rep. vs. U. B. C., at Vancouver, January 14. Victoria Rep. vs. U. B. C., at Vancouver, February 4.

Bel-Iving President.

"Dick" Bell-Iving was unanimously re-elected president of the B. C. Rugby Union. H. Gillespie, of Victoria, was re-elected secretary. The secretary was instructed to reply to a letter received from the English Rugby Union asking if the game here was going to be played under their rules. The reply was that it would.

GEORGE COHAN WANTS TO RUN A BALL CLUB

New York, Oct. 19.—George M. Cohan, who recently announced his retirement from the theatrical production business said last night he was negotiating for the ownership of a major league baseball club, and expected to deal to be consummated by next Monday. He declined to name the club.

WINNIPEG ATHLETES OFF FOR EDMONTON

Winnipeg, Oct. 18.—Nine men of the University of Manitoba left here to-night for Edmonton to defend the track championship of Western Canada and the Cairns trophy on October 21.

BABE RUTH MAY GET YEAR'S SUSPENSION

Opinion Varies as to What Homerun King Will Get From Judge Landis

Moguls in Major Leagues Are Anxious That Rule Be Amended or Abolished

New York, Oct. 19.—The rule against barnstorming by world's series players, which has caused a wide breach between Commissioner Landis and Babe Ruth, either will be abolished or amended, according to the belief expressed in local baseball circles yesterday, and it is expected that action will be taken during the next joint meeting of the major leagues this winter.

The commissioner has promised to mete out punishment to Ruth and his fellow players on the Yanks and it is expected that action will be taken during the next joint meeting of the major leagues this winter. Just what form this punishment will take, or how severe it will be is the question interesting baseballdom. On this point opinion varies all the way from a heavy fine and a month's suspension to suspension for a year. It is not believed generally, however, that Commissioner Landis will keep Ruth out of the game during the entire 1922 season.

Amend Ruling. The magnates for the most part, it is understood, are willing that the rule which Ruth violated should be done away with or amended, or a new rule placed on the statute books, prohibiting barnstorming players to appear further than he had heard nothing from Judge Landis. He reiterated his stand against the rule prohibiting world series contestants from participating in the season and said that his arm was steadily improving.

Ruth Doesn't Care. Jamestown, N. Y., Oct. 18.—"I don't care if my case comes off to-day," said Babe Ruth yesterday in discussing his barnstorming trip, announcing further that he had heard nothing from Judge Landis. He reiterated his stand against the rule prohibiting world series contestants from participating in the season and said that his arm was steadily improving.

Two doubles by the hero of swat were the best he could do in six trips to the plate to play baseball next year. Ruth played first base. Bob Meusel pitched and Piercy played in the outfield.

Will Play Independent. Jamestown, N. Y., Oct. 18.—Babe Ruth, who has been barred from the major leagues, will play independent baseball next year, even if Judge Landis barred him from the major leagues.

Ruth indicated that he would organize his own independent team and engage in exhibition games all over the country. When informed that Judge Landis, high commissioner of baseball, would not permit him to play in the major leagues for a year because of his playing exhibition games now, in violation of the rules, Ruth said: "I am going to play independent baseball next year, that's a cinch. If I organize my own team, however, it won't be a team of outlaws. By that I mean players who are not wanted by the major leagues."

Going Right Ahead. Ruth declared he would go right ahead with his present barnstorming trip until November 1. "I am acting for the best interests of all players in this game," he said. "The rule prohibiting world series players from going on exhibition tours is unfair and it ought to be changed."

SUZANNE MAY NEVER PLAY MATCH AGAIN

French Tennis Star Finds Her Cough Growing Worse; Doctors Warn Her

Paris, Oct. 19.—Mlle. Lenglen may never play tennis again. This is the ruling of her doctor, following a careful examination of the French girl tennis champion at Pourville, where she has become worse. She was first troubled with the cold on her visit to America, where she was forced to leave the courts while playing a match with Mrs. Molla Bjurstedt Mallory, the famous American champion player.

KENNEDY, MONTREAL SPORTSMAN, PASSES

Former Lightweight Wrestling Champ and Manager of Canadiens Dies

Montreal, Oct. 19.—George Kennedy, noted Montreal sport promoter and ex-lightweight wrestling champion of Canada, died this morning after a long illness. Mr. Kennedy was founder and manager of the Canadian Hockey Club, which was a team in the National Hockey League and won the Stanley Cup, emblematic of the hockey championship of Canada. He wrestled under the name of Geo. Kendal.

Oatman Will Again Captain Aristocrats

Manager Patrick Announces Selection of Popular Right Wing For Skipper's Position For Fourth Season; Has Fully Recovered From Painful Injuries Received Last Year; After the Pennant.

Eddie Oatman, for the past three years captain of the Victoria Aristocrats, will pilot the local septette in its mad gallop after the Pacific Coast hockey championship this season.

Announcement to this effect was made this morning by Lester Patrick, manager of the team. Oatman attached his John Hancock to a contract yesterday, being the first player to come to terms. The thousands of fans who have watched this peppery athlete stick-handle his way up the right boards and make the ice burn with the speed of his skates will be glad to know that Eddie is not only to be back with the team but will also have something to say about the way it acts on the ice.

Wants a Pennant.

Eddie has skipped the Victoria team for three years and has not won a pennant. Last season, being his third, he thought that fortune would crown his efforts, but a bad start crippled the squad's chances. But this year things seem a bit different. Eddie has a hunch that everything is going to be all right. He got this hunch at the close of last season when he was lying on his back in bed recovering from the serious injury he received in collision with the goal post.

"It was this way," related Edward. "I was just figuring what tough luck we had been through and they told me that, probably I would not be able to go into another game. Then a little bird whispered in my ear that if I ever managed to get back into the old game the team I played with would gather in a pennant. Now, see, the old man's as fit as a trombone and I think I'll be able to play just as well as ever so let's all pull for the flag."

No Stalling This Year. "We're going to be in top form for the opening game," remarked the Skipper. "There's not going to be a repetition of last year. Only a couple of us were in shape when the season opened. This year every man is going to be fit for 60 minutes of torrid hockey right at the jump, and then we won't have a handicap of six games half way through the season."

Oatman has always given his best for any team he has ever played with and this has made him popular everywhere. Eddie has played with Westminster, Portland and Victoria since coming West and for the past three years has been a resident of the Capital and will continue to be one until there are no more snowstorms in the East.

A Bad Spill. Last year an accident came near bringing Oatman's career as a hockey player to a close. In the last game here against Vancouver Eddie headed in after a goal and was spilled just as he was about to shoot. His feet flew up in the air and he crashed into the goal-post. He was carried off the ice and it was discovered that one of the small vertebrae of the spine had been fractured. This forced him out of the game for the rest of the season. It, however, did not end his playing career as to-day the little warrior is as strong and vigorous as ever and just waiting for a chance to get in and show folks that he can take the bumps and ride 'em.

Oatman is the type of athlete who helps to make the national game such a credit to the Dominion. He plays cleanly and always gives his best. He is the best right-wing in the Pacific Coast League which honor has been voted him through his consistency, persistency and brilliant stick-handling, which can penetrate any defense.

S. O. E. TO PRACTICE A meeting of the players of the Sons of England Football Club and all others interested in the club will be held this evening at the Veterans of France club-rooms, on Douglas Street, commencing at 8 o'clock. A good attendance is requested.

PACIFIC HIKERS IN VICTORIA

QUEEN'S SURPRISE OF EASTERN RUGBY

Team Which Formerly Gave Work-outs to McGill and Toronto Comes Back

Now Leads League; Argos Having Own Way in Inter-Provincial Series

The sensation of the Eastern rugby season has been the rehabilitation of the Queen's University team in the inter-collegiate circuit. After many long weary years of providing mere work-outs for the Toronto and McGill aggregations, the seven-man-hosed Presbyterians celebrated the opening of their new stadium on the eighth by taking the winners' end of a closely-contested tussle with U. of T.

As McGill and Toronto played to a four-all tie on Saturday last at Montreal, Queen's are enjoying the unexpected luxury of top place in the standing. From all accounts, too, their victory was well merited, and congratulations are being showered on George Awrey, former Hamilton Tiger saar, who recently assumed the position of director of athletics on the staff of the Granite City College, and to whom credit is given for the football team's showing.

Argos Going Well. Toronto Argonauts have been smashing right through the Inter-Provincial series, piling up a heavy score against their opponents. In three games they have amassed a total of 109 points to nine against them, the victory being Ottawa once, and Montreal twice. Ottawa have had two victories and one defeat, Hamilton Tigers two defeats and one win, while Montreal have won one game.

In the Ontario league Parkdale has been showing the way to other teams thus far. The Paddlers have won both of their games, defeating St. Brigid's of Ottawa by 33 points to 7 in the opener on October 1 and vanquishing the Toronto Rowing Club by 22 to 7, a week later.

Results to Date. Following is a resume of the results in the three leagues to date:

INTER-COLLEGIATE. October 8. Queen's, 9; U. of T., 0. October 15. Toronto, 4; McGill, 4.

INTER-PROVINCIAL. October 1. Argos, 27; Tigers, 0. October 5. Ottawa, 59; Montreal, 5.

October 8. Argos, 40; Montreal, 5. October 15. Argos, 42; Montreal, 0. October 15. Argos, 15; Ottawa, 13.

ONTARIO R. F. U. October 1. Parkdale, 32; St. Brigid's, 7. October 8. Parkdale, 22; Toronto, 7. October 15. St. Brigid's, 22; Toronto, 7.

JAPAN DEVELOPES NEW TENNIS STAR

Harada, Twenty Years of Age, Reported to Be Best Man Nippon Has Ever Had

Tokyo, Oct. 19.—A new lawn tennis star has arisen here and local players say that in a year or two he will surpass the performances of Shimidzu and Kumagae in international lawn tennis. The name of the prodigy is Harada; he is 20 years of age, has a fast ball and returns with a volley or a hard, underhand cut which few opponents can send back without hitting the ball out of bounds; he uses the forehand and backhand strokes with equal dexterity, and can place the ball in an extreme corner with either an overhead smash or an underhand cut, after strategic returns that have kept his opponent on the other side of the court.

POCKET BILLIARDS Philadelphia, Oct. 19.—Arthur Church, of Yonkers, N. Y., defeated Benny Allen, of Kansas City, a former champion, in the first match last night of the national pocket billiard tournament, 125 to 104 in 25 innings.

CECIL LEITCH VICTOR New York, Oct. 19.—Miss C. Leitch, holder of the English and French and Canadian woman's golf championship, won her first round match of the Belvedere invitation tournament yesterday, defeating Miss Louise Elkins, Pittsburgh, eight and seven.

HOREMANS IN FORM New York, Oct. 19.—Edward Horemans, billiard champion of Europe, made a run of 400 from spot yesterday in the third block of a 2,400-point game of 13.3 ball with Koji Yamada, Japanese champion.

CAMBRIDGESHIRE RACE London, Oct. 19.—Entries scratched in the Cambridgeshire race to-day were Charlie Belle, Widow Malone and Tetramena.

Enough Referees For All Football Games

None of Former Arbitrators Appear Before Examining Board But Plenty of New Ones; V. D. F. A. Announces Draw For Saturday; Seven Games Arranged; Junior Division Will Play First Games.

There will be plenty of referees available for all soccer games to be played in Victoria this winter, according to an announcement made at last evening's meeting of the Victoria and District Football Association.

The examination board of the association, consisting of President Jim Mesher and Vice-President Alex. Peden, reported that a large number of applicants had been examined on Monday evening and that the majority of them were found to be quite capable of handling a game. A list of whistle-blowers has been arranged and the secretary will allot them to the various games each Saturday.

An Old Country Ref.

It is pointed out by Billie Cull, secretary of the association, that W. G. Faulkner, formerly a referee in the Third Division in the Old Country, has qualified as a referee here. Had it not been for a break with the Victoria Referees' Association the services of this referee might never have been secured in local football.

Officials of the Football Association believe that they will receive good service from the present referees but state that if any of the former referees wish to appear before the examining board they will receive the same consideration as those who have now passed.

One point, however, on which the football authorities refused to budge is as to the base of authority on the referee question. The footballers will not pass on referees and appoint them to games—and have nothing to do with any referees' association.

Draw For Saturday.

The association last night made the draw for Saturday, which will be as follows:

First Division. Garrison vs. Thistles, at Work Point. Referee, W. G. Brown. Metropolis vs. Yarrow, at Royal Athletic Park. Referee, P. Payne.

Second Division. Wests vs. Sons of England, at Beacon Hill lower ground. Referee, W. G. Faulkner.

Junior Division. Wests vs. James Bays, at Heywood Avenue. Referee, F. Hopkins. Sanath Thistles vs. Gorge, at Central Park, lower ground. Referee, J. McEwan.

In the Senior Division the teams in the first half are drawn against those in the second half, and unless the unexpected happens there should be no change in the standing of the clubs.

The Sons of Canada and Metropolis will provide the feature game in the Second Division. Both teams have passed through without a defeat so far and are anxious to preserve their unbroken string. Some one is going under, however.

Junior Will Get Away. The first games in the Junior Division will be played on Saturday. Owing to the fact that a fourth team could not be secured the opening of the season was postponed for several weeks. Last night the Gorge eleven entered and this will make it possible for two games to be played each Saturday. Much interest is being taken in the play of the youngsters and it is expected that they will develop a number of very promising players.

Council of B. C. F. A. The local council of the British Columbia Football Association was appointed at last night's meeting. It will consist of Jimmie Adams, Jim O'Sullivan, C. Costello and Alex. Peden. This body will be in charge of soccer on the southern part of the island and all disputes will be settled by it. An appeal against its decision may be made to the B. C. F. A.

GIBBONS AND O'DOWD MUST MOVE ONCE MORE Oklahoma City, Okla., Oct. 19.—Governor J. B. Robertson to-day ordered the sheriff of Tulsa County to take such steps as may be necessary to prevent the Mike Gibbons-Mike O'Dowd middleweight boxing contest in Tulsa next Tuesday, warning the promoter it would not be permitted in Oklahoma.

NEWS IN BRIEF

Native Sons of Canada.—Native Sons of Canada, Victoria Assembly, No. 1, will meet Thursday, 8 o'clock, at 518 Belmont Building. All male Canadians are invited to attend. The Native Sons of Canada is said to be the only national fraternal organization of native born Canadians, and is enjoying a healthy growth. It is strictly non-political.

Daughters of St. George.—Princess Patricia Lodge, Daughters of St. George, will hold a military dress-buried party to-night in the Oddfellows' Hall, at 8:30 o'clock. Eight script prizes will be given also two prizes for ten-bids. The committee in charge of the arrangements includes: Mrs. Farnell, Mrs. Donaldson and Mrs. Lorry.

Gaelic Society Dance.—The Gaelic Society will hold a dance to-night at the Orange Hall on Courtney Street. A concert programme will be one of the main features of the evening, the following taking part: Major Cameron, Mr. and Mrs. Pye, Mrs. Dunlop, Mrs. Jameson, Miss MacIntyre, Mr. Hudson, Mr. Taylor and Miss Pratt. The concert will start at 8 o'clock.

Well-Baby Clinic.—The mothers of Saanich are requested to bear in mind that a Well-Baby Clinic will be held at the Health Centre, Royal Oak, on Friday. A jitney service has been arranged as follows: From Supply Store, Davida, at 1:45 p. m.; Millgrove Grocery, Burnside, at 2:15 p. m.; Garco's Grocery, Boleine Road, at 2:45 p. m.; Riley's Drug Store, Douglas Street, at 3:15 p. m.

Assist Hospital Ball.—Members of Victoria Lodge, No. 83, Daughters of St. George, voted \$10 last night at their regular meeting towards to-night's dance at the Empress Hotel in aid of the Jubilee Hospital. It was decided to hold a social and dance in the Foresters' Hall, Broad Street, on November 7. Mrs. Penketh being appointed convener of the affair. Mrs. N. Harris, the president, presided over the meeting.

Young Men's Club.—The Young Men's Club of the "Y. M. C. A." held its first regular weekly meeting last night. Following supper an entertainment was given and a real good time was enjoyed by all present. A. C. Smith gave a brief address on "Service," and Instructor Macquire spoke on the "Three M's," and a "Personal Efficiency" stunt was staged under the direction of N. F. Pullen.

Girls' Corner Club.—The next meeting of the club will be held on Thursday, in the club room, 1 O. O. F. Hall, Douglas Street, where supper will be served at 6:15 p. m., to which all girls working in the city are cordially invited. B. C. Greenman, of Toronto, well-known editor and Bible expositor, has promised to visit the club, and will give an address at 7:15 p. m. This meeting will be open to the public and all friends are cordially invited.

Fairfield Scouts.—The Fairfield Troop of Boy Scouts now has a library, which is worked on the exchange system, each member being called upon to put one volume in the library before taking one out. For the Winter months this is a big attraction for the boys. The parents' organization which fosters this troop reports \$277 in the treasury so that the Fairfield scouts are in a good way financially. A sale of home cooking, vegetables, Christmas trees and decorations will be held just before Christmas.

Entertainment to-morrow.

The second of the series of entertainments planned by the entertainment committee of St. Columba Presbyterian Church, Oak Bay, will be a grand concert to-morrow under the direction of the well-known basso, J. W. Buckley, assisted by a number of local artists. The musical programme will be interspersed with readings and recitations.

Royal Arcanum Head Here.—C. A. Williams, past supreme regent of the Royal Arcanum, addressed members of the Majestic Council here in the Knights of Pythias Hall on Monday night. He told of the growth of Royal Arcanum and discussed various details of its recent development. Mr. Williams' object in coming to Victoria is to increase the membership of the order in this city. J. L. Beckwith past grand regent, Jurisdiction of Washington and British Columbia, presided at Mr. Williams' meeting.

Retail Clerks Meet.—The desirability of retail stores displaying union cards was emphasized by a speaker at the regular meeting of the Retail Clerks' Association last night. Members were unanimous in their idea that union labor men should make a point of displaying union cards which displayed the union card. The union card, it was said, formed a guarantee that the staff employed was being paid fair wages and was efficient. Plans for organizing campaign were considered and a committee formed to go into the matter further. The sports committee was congratulated upon its success in organizing the Wednesday Football League.

VICTORIA PARTY MOTORED THROUGH WESTERN EUROPE

Joseph Patrick and Family Back From 20,000 Mile Trip

Completing a five-months' trip which took them over a large part of the British Isles and western Europe, and which included 5,000 miles of travel in automobile, Joseph Patrick and Mrs. Patrick, of Michigan Street, arrived back in Victoria to-day.

Mr. and Mrs. Patrick, accompanied by Frank Patrick, of Vancouver, and his wife, sailed for Britain May 24. For several weeks they were busy attending functions connected with the Edinburgh International Rotary convention, to which Mr. Patrick and his son were delegates. The party purchased a Dodge automobile in London and motored to the convention in Edinburgh and then back again when the Rotarians were entertained by the British Government in the British Capital.

The party traveled about 5,000 miles by automobile in Europe. Starting in Calais they journeyed to Brussels, where they spent a week inspecting relics of the German occupation. They stayed in the Palace Hotel, which was the German headquarters during the war and which the Kaiser visited frequently. They also saw the spot where Edith Cavell was shot and drove out to the field of Waterloo.

Flew to Holland.
Deciding to cross over into Holland, Mr. Patrick boarded an aeroplane for the first time in his life and flew to Rotterdam, sixty-five

HOURS OF LIQUOR SALE IN SCOTLAND

London, Oct. 19.—(Canadian Press Cable)—Edinburgh is opening its licensed houses from 11 o'clock in the morning to 3 p. m. and from 5 p. m. to 9 p. m. In most of the other Scottish centres this example is being followed, and the provisions which enable licensed houses to remain open until 10.30 at night are being ignored. In Aberdeen the closing hour is 9.30 p. m. Ten o'clock was the former closing hour in Scotland. The present regulations were made in deference to the general public demand.

Eat Heartily Without Dread

Worry—Stuart's Dyspepsia Tablets Relieve Sour Stomach, Belching, Gas and Acid Conditions Due to Indigestion.

Simply Chew a Stuart's Dyspepsia Tablet After Meals—They Taste Good.

No matter what you eat or drink, even though it be just a glass of sweet milk, the stomach may rebel and sour almost immediately. In such cases one or two Stuart's Dyspepsia Tablets furnish the alkaline effect to offset the acid condition. Quite often the stomach may be overcrowded with partially digested food. A cold bottle of beverage at such times may add to the difficulty and there is gasiness, a bilious taste, and other distresses due to indigestion. Travelers may save themselves much of the discomfort of wayside eating by having a box of Stuart's Dyspepsia Tablets with them as they can be had in almost any drug store throughout the U. S. and Canada.

British-American League.—The executive of the British-American League met at a luncheon yesterday. Those present included R. B. Mosher (American Consul), who is on the league executive; Lindley Crease, K. C.; C. T. Cross, J. C. M. Keith, H. Charlesworth, David Loening, Wendell B. Shaw, Percy Abell, J. O. Cameron, Rawlinson, F. E. Winslow and Captain Bowden. Mr. Charlesworth spoke on the educational objects of the League.

Burglary Reported.—Mr. Baum, 2041 Prior Street, reported that his house had been entered yesterday afternoon or evening, and a quantity of jewelry taken. The police are working on the case. Entry is believed to have been gained by use of a pass key.

All Would Have to Pay Under New Income Tax; Employers to Collect

New income taxes of one per cent. on all incomes and doing away with the exemption of all incomes under a certain minimum, which are now being discussed by the Provincial Government in connection with revision of the taxation act, will tap the income of many persons who now escape paying anything to the Province, it was explained to-day.

At present, it has been pointed out to members, casual workers, some of them earning big money, can go through the year without paying any income tax although they may earn between \$2,000 and \$3,000.

Proposals being considered by the Government would make it compulsory for employers to collect one per cent. from the salaries of all employees, just as deductions are now made for the Workmen's Compensation Board in the case of industries. This would enable the Government to tap the income of every employee in the Province, it is explained. Many now escape as they wander from job to job and the Government has no means of holding them to an income tax even if they earn over the exemption limit. Under these latest proposals the Government would get its money at the same time the employee gets his money.

People who come in from outside the Province for casual work and who do not hold well in view of the unfavorable influences with which it is connected, the new tax will mean that the worker on small wages will contribute proportionately to his earnings and not a flat sum, as under the poll tax.

Small landholders, some of whom do not make enough to pay income tax under the present law, and are exempt from poll tax as they pay small taxes on land to the Government, will have to pay income tax on whatever income they earn, under the new proposals. This, it is hoped, will tax a new source of income that has escaped so far.

ACROSS THE BAY

What Politicians in Action Are Doing, Saying and Thinking in the B. C. Legislature.

STYLE AND DIGNITY INJECTED INTO HOUSE

Some of the style and dignity of the British House of Commons was injected into the B. C. Legislature to-day when Speaker Manson had placed a big mahogany table in the centre of the Chamber by jury before His Honor Judge Lampman recently was present to hear the verdict of the Grand Jury.

The deliberations of the Grand Jury on the Charlie Bo case at times became so noisy that their voices were plainly audible in the Supreme Court room, where the Assize trials were proceeding. The Grand Jury heard a large number of witnesses, chief among whom was Dr. Ernest Hall, police commissioner.

The Assize Charge.

Mike Seminoff, charged on a single count with arson, was arraigned before Mr. Justice Murphy with J. S. Brandon for the Crown and P. J. Sinnott, junior, on behalf of the defence. A police jury was empaneled without delay, composed of Henry Wilmore, C. Yehman, W. D. Russell, Fred A. Nickless, foreman; C. Prescott, H. C. Ingoldsten, Henry Mann, James Hamilton, T. H. Barr, Emerson Turpel, Thomas Allen, and H. M. Samson.

Seminoff, a Russian resident of Saanich, was charged with having set fire to and unlawfully burning the house of Demetri Drayman, a fellow-countryman. The accused entered a plea of not guilty to the charge. A large number of witnesses were called, including Mr. and Mrs. Drayman, Christopher Reims, Mr. and Mrs. Rasmussen, Alexander X. Shafrenko, William A. King, W. C. H. Pollock, and Constable Allen Rankin.

The Fire.

Evidence was given of a fire that took place at the Drayman home sometime after two o'clock on the morning of August 14, a Sunday. Drayman told of being awakened by the smoke of the burning house, and of throwing two children into the arms of neighbors through the upper windows, and jumping to safety himself. The fire caught in the basement and burned the house down. Insurance of \$2,500 was on the house, which was owned by Mrs. Drayman. Evidence was also given that the accused had made some statements and threats in connection with the Draymans was recorded, it being stated that Seminoff had quarrelled with Drayman over work done by the former for him, and that blows and threats had been given. Seminoff had been convicted for assaulting Drayman in the Saanich police court subsequently. Seminoff, who was a young man, had brought proceedings in the civil courts for the recovery of wages to the extent of \$175 alleged to be due to him.

Mr. and Mrs. Rasmussen both testified that they had seen Seminoff with Drayman, and that Seminoff had made threats of burning the house. Seminoff, on the day following the burning, or later in the same day, had been found in a field 400 yards from the scene, and had asked questions of a passerby in connection with the house which was then burned. He was arrested subsequently and charged.

The prosecution closed its case just before the morning adjournment and the case was adjourned until 2.30 when the trial was resumed, with evidence for the defence being called by P. J. Sinnott. The Seminoff trial completes the list of the present Assizes, the grand jury being discharged this morning.

Supporters of the Saanich National Liberal and Conservative Association will meet to organize the campaign in Saanich Riding at Cedar Hill on Friday, and on Monday at Gordon Head.

Instantly Beautify Your Complexion

Thousands of girls and women everywhere who proclaim DERWILL'S the greatest beautifier yet discovered. It instantly gives the skin that rosy white appearance every normal woman craves. Over five hundred thousand are using it in place of face powder, as it stays on until you wash it off. It is so lifelike in appearance that it is impossible to detect it, and it gives you a youthful skin "everyone just loves to touch." It is especially recommended as a protection to the skin for thirty some fresher, blackheads and sallow, dark, rough skin. Try it to-day on your face, neck, hands and arms. Yes, it's absolutely beautifying, even on the most delicate skin. At all toilet counters everywhere.

Agents: Victoria Dist. Drug Co. and Vancouver Drug Co.

Financial News

FIRM ONE IN STOCKS TO-DAY

(By Burdick Brothers, Ltd.)
New York, Oct. 19.—Short covering in the general market was quite apparent in today's session and advances were scored in practically all issues at the close. American Sugar was the feature of the day, advancing from 47 1/2 to 52 1/2, but some further selling in this stock had a tendency to check the advance from this point. Rails held firm throughout the day, and no news other than that received yesterday in connection with the strike being received. Generally speaking, and comment was heard in not a few quarters that, all things considered, the market was in a better position than it was a few days ago, but some time was a temporary cessation of cash pressure should enable the market to respond to any strength shown in other lines.

Corn declined with wheat, but at the same time displayed an undercurrent of strength, reflecting indications of a moderate falling off in receipts and a good cash demand. Cash prices for the local spot market gained another half cent on the futures of October first would indicate that we have available for export for the remainder of the crop year only 50 to 60 million bushels.

Science Can Now End Corns

Such Troubles Are Out of Date—Millions Know This Now

A famous expert, years ago, solved the whole corn problem. The method is Blue-Jay—the plaster or the liquid. It stops pain instantly. Soon the whole corn gently loosens and comes out.

Now folks who pare or pad corns do themselves injustice. So do users of old methods, harsh and crude.

Blue-Jay is modern. It is approved by authorities. It is easy, simple, quick and sure.

Just apply it and forget it, and watch what becomes of the corn. After that, you will never let a corn pain twice.

Your druggist has

Liquid or Plaster
Blue-Jay
stops pain—ends corns

DON'T STRANGLE YOUR FURNACE

The bigger the castings the greater your fuel bill. The castings of the Moncrief Pipeless Furnace are the biggest made. The extra big outer casing draws the cold air off your furnace rapidly without creating drafts; the big inner casing sends up a volume of warm air not hot "burned" air into every nook and corner of your house.

Moncrief Pipeless Furnace

presents a maximum heating surface to this air current in the straight wide Moncrief flue and extra long chamber. Moncrief radiators—

The experience of a quarter of a century is built into the Moncrief Pipeless Furnace. We bank our reputation on it, and you can safely entrust your comfort to it.

Come in and let us show you.

THE MAN TO BLAME

He was an indulgent father, but he was beginning to think that his son was spending too much money.

One morning, when his son had made a request for a larger allowance, he said, very solemnly: "Why, when I was your age, my boy, I didn't get as much money in a year as you spend in a month."

"Well, don't scold me about it," answered his son, "why don't you go for grandfather?"—Tit-Bits.

Nothing better can be applied to a severe cut or bruise than cold turpentine. It will give relief almost instantly.

A Stitch in Time

Quick action is the only hope when kidney disease appears.

There is a whole train of dreadfully painful and fatal ailments which soon follow any neglect to get the kidneys right. Among others are rheumatism, lumbago, Bright's disease, hardening of the arteries and high blood pressure.

In Dr. Chase's Kidney-Liver Pills you will find a treatment which is both quick and thorough.

Mr. C. E. Raymus, Lindale, Alta., writes:—

"I was a great sufferer from kidney disease and lame back for more than a year. A friend of mine one day told me of Dr. Chase's Kidney-Liver Pills, and acting upon his advice I tried them. After I had taken one box I felt better, so I continued until I had used five boxes. By this time I felt as well and strong as ever, and am glad to recommend Dr. Chase's Kidney-Liver Pills to anyone suffering as I did."

Dr. Chase's Kidney-Liver Pills, one pill a dose, 25c a box, all dealers, or Edmondson, Bates & Co., Ltd., Toronto.

TOO MANY MOTHERS ASK FOR PENSIONS

Board Has Not Enough Money to Go Around, So Cut Payments

Because the number of women seeking increased pensions from the B. C. Government has increased, and there is only \$400,000 to go around, the Mothers' Pensions Board under Mrs. C. Spofford has been forced to cut down the amount each can get. Cost of living also is going down, and this will permit of a reduction of pensions without discomfort.

The reduction will not be as much as 50 per cent. in any case, Mrs. Spofford says. Women who have some form of employment or independent incomes will not receive as much as those who have nothing. The maximum pension is \$35 a month for the mother and \$7.50 a month for each child under 16 years.

DEAN OPENS ARTS CLUB EXHIBITION

At Belmont Building; Charming Tearoom Arranged

Very Rev. Dean Quanton in a happy little speech yesterday afternoon formally opened the annual exhibition of the Arts and Crafts Club at the Pemberton Building. About two hundred visitors inspected the exhibits during the afternoon and passed many flattering comments upon the collection of pictures and handicrafts.

A most attractive tea-room is being run in connection with the exhibition. The exhibition is on the fourth floor, and a spacious suite of rooms on the third floor has been placed at the disposal of the club for use as tea-rooms throughout the week. Mrs. A. B. Hodgins, the general convener of this feature and under her artistic direction the rooms yesterday were charmingly arranged with Autumn foliage and berries, while copper bowls of Michaelmas daisies and pale pink dahlias centred the tea-tables.

An attractive feature of the decorations was a charming series of water-colours kindly loaned by Major and Mrs. Hincks, also a collection of beautiful photographs, the property of Col. and Mrs. Hodgins. Assisting Mrs. Hodgins were the Misses Inez Carey, Sylvia Luxton, Hilda Langton, B. Wolfenden and Peggy Hodgins. Special programmes have been arranged by Miss Fleming for Friday and Monday next.

The WEATHER

Daily Bulletin Published by the Weather Bureau

Victoria, Oct. 19.—5 a. m.—An ocean storm is spreading southward and may extend to the Straits and Sound. Light frosts are reported in Alberta and Saskatchewan and rain in Manitoba.

DIG UP ELEPHANT SKELETON IN TEXAS

Gigantic Beast May Have Lived 1,000,000 Years Ago, Biologists Say

Positive proof that elephants of gigantic size, with bodies probably covered with long hair, once roamed the coastal plains of Texas has been obtained by the unearthing in San Leon, Texas, of the skeletons of one of these prehistoric animals. The period of its life dates back anywhere from 500,000 to 1,000,000 years, according to H. C. Chandler, assistant professor of biology in Rice Institute of Houston, who assisted in removing the remains from the hard bed of sand and gravel.

It will take some time to reconstruct the bones and form the skeleton as it originally appeared. Until this is done measurements cannot be accurately taken. The fact, however, that the tusks are each more than twelve feet long indicates the great size of the pachyderm.

Scientist's Speculation.

The skeleton was discovered by E. T. Roy of Houston, who called Mr. Chandler to his assistance in unearthing it. In speaking of the discovery Mr. Chandler said:

"Before Noah collected his animals in the ark and before Adam and Eve ate the disastrous apple in the Garden of Eden this beast, perhaps attacked by a murderous sabre-toothed tiger, a huge bear which also roamed through North America at that time, laid his great carcass down on the sands of the beach and died. The skeleton of this pachyderm time no doubt dined sumptuously for many weeks on his great body, and what was left by them was picked by the scavengers of the beach."

"The waves of the ancient bay rippled over the bones of the fallen pachyderm, carrying sand and gravel, until finally the entire skeleton was buried deep under a mass of debris. Centuries passed and the land slowly raised to its present level, some ten feet above the water level. Year by year the waves lapped continuously against the bank, eating it away, until finally a tooth was brought to view, probably some 500,000 years after it had been dropped from the jaws of the great beast."

A Hunting Ground.

"There are many who, while admitting the evidence of their eyes that an elephant did live and die on the shores of Texas, will question statements of scientists as to the great expanse of time since the animal existed."

"No very accurate estimate can be made, it is true, but that it exceeds 500,000 years and may approach 1,000,000 years there is no doubt in the mind of any person who has made a study of the past life on the earth. Such estimates are based on the time required to deposit sedimentary rock, to erode valleys and to wear away rocks. No one could judge the age of this particular specimen alone, but its age is estimated on the known occurrence of the animal in company with other animals in rocks or deposits where the age can be roughly estimated and its absence in deposits which are of more recent date."

"Had there been game hunters in the pleistocene period North America, rather than Africa, must have been their favorite hunting grounds. Scientists state that during that period over the same plains which these elephants roamed numerous other long extinct animals, whose descendants now live in such distant places as India or Central Africa, were living in abundance."

"As the storms and waves gradually eat away the gravelly bank of the bay at San Leon the remains of camels, extinct horses and perhaps

other prehistoric animals will be brought to view, thus furnishing material for another page in the account of that long distant period when centuries and not years were used as the unit in the measurement of time."

Even Shakespeare, like Homer, Nodded Occasionally.

Even your favorite author might have been apt to make mistakes sometimes, as well as less favored

mortals, says Answers.

Shakespeare wrote of King John and his barons fighting with cannon many years before these implements of war were invented. In another of his plays one of his characters mentions a printing-press two hundred years before the art of printing was known. In "Julius Caesar" he speaks of striking clocks. Thackeray gives an instance of forgetfulness when he kills and buries Lady Kew, and afterwards brings her to life. Anthony Trollope made Andy Scott come "whistling up the street with a cigar in his mouth." When it was pointed out to him

that this was an impossibility, he refused to admit it, and endeavored to show his critics that such a thing could be done. He did not succeed, and the cigar was dispensed with in the next edition.

In Ouida's novel, "Signa," Bruno smashes Signa's violin. Signa sits up all night trying to mend the instrument, but finds it quite useless. The wooden shell he could piece well enough, but the keys were smashed beyond all hope of restoration, and for the broken sliver of a violin he could not find a repairer. The violin sounds a hopeless task; to discover them would be the first difficulty.

ONE CENT SALE

The Rexall Stores
CANADA'S FAVORITE DRUG STORES

ONE CENT SALE

The Plan

Buy a 25c box of Aspirin Tablets U. D. Co. at the regular price of 25c

and you will get another box for 1 cent or

2 for 26

Sale commences To-morrow (Thursday) morning, and continues Friday and Saturday

OWL DRUG CO., LTD. Successors to D. E. Campbell—Cor. Fort and Douglas Streets—One Store Only

This ONE CENT SALE Plan was originated by the United Drug Company for the Rexall Drug Stores. The United Drug Company are the largest manufacturers and buyers of Toilet Articles, Remedies, Chocolates, Perfumes, Rubber Goods, Stationery and Drug Sundries in the world, and this is an advertising plan pure and simple, of which they bear most of the expense. Instead of spending money in the regular way, such as Free Samples, etc., it is their desire that we place full size packages, or articles, in your hands, giving you an opportunity to judge the real value of these goods, the cost of which they charge to advertising.

We will only be permitted to run this sale occasionally. Beware of imitations in other stores, and take advantage of this exceptional opportunity. We can not afford to charge or deliver goods during this sale. Come in and see the display of all New Merchandise.

TURNER CLEARED IN RACE TICKET CASE

Is Exonerated by Jury After Evidence of Race Track Swindles

Francis Turner, charged with making use of a forged document, was acquitted yesterday at the assizes after the petit jury had been out only ten minutes. The case aroused considerable interest, dealing with the last race meet at the Willows track and also by virtue of the fact that the accused is a well-known letter carrier of this city and extremely popular among his companions.

The grand jury brought in a true bill against Turner. The accused was charged on two indictments, one with forging a document, and the second of using the document knowing it to have been forged. The first count was struck out by the crown prosecutor, J. S. Brandon, at the commencement of the trial, with the consent of Frank Higgins, K.C., for the defence.

The petit jury was quickly assembled with but little challenging by counsel on either side. The jury included Frederick A. Nickells, foreman; Herbert Elsmore, Henry Walker, Charles Dodd, William E. West, Isaac G. Daft, John A. Kilgour, Ralph Bagshaw, Frank Harvey, Harold C. Engle-son, Charles T. Wharton and Henry Wilmour. Mr. Justice Murphy was the trial judge.

Story of Case. Mr. Brandon rehearsed the evidence of the prosecution, stating that it would be shown that the accused presented a forged ticket to the cashier at booth 33 at the pari-mutuel betting ring on Friday, September 23, in the sixth race of the last meet at the Willows track. "The ticket presented, stated the counsel for the crown, purported to represent that of a horse named Bevo, which was said to be owned by the defendant, and was presumably altered from a ticket representing a horse named Tokalon March, which was also a race horse."

Ernest William Holden, cashier at booth 33 of the mutuels on this occasion, was called as the first crown witness. Holden had acted as cashier on the \$15 combination ticket on the day in question. Witness stated Tokalon March bore the number 4860, and that some 28 tickets of that number had been sold in this class. Bevo was numbered 4861, and only one ticket of that class had been sold. The tickets were numbered in the order of racing for the B. C. meets and no two horses could bear the same number.

Witnesses and "Also Ran." The 4860 tickets sold were not presented to the cashier, because Tokalon March had not been a winner, but one 4861 ticket had been presented and paid. Some \$58 odd had been paid out on Bevo of the holder of the single ticket presented. Witness explained how a credit slip was presented to him to enable him to make payments, and only one 4861 had been marked payable on this slip. He had paid out on that ticket when the accused came along with another ticket purported to be 4861 also.

Witness told accused he had been and accused replied he had not, stated witness. Then the accused had come around to the box office and had subsequently been taken into custody. Mr. Higgins for the defence cross-examined witness on his evidence, gaining the admission that witness had seen the palpable forgery as soon as he saw the ticket. Counsel for the defence stated the ticket would be a forgery viewed at fifty yards distance, so crude was the workman-ship.

Witness admitted being ordered to do something with the ticket, be on the look out, as several frauds had been perpetrated, one taking place at the same wicket the next day while the accused Turner was still in custody. Witness admitted that all Turner would have to have done to have escaped would have been to walk into the crowd, and not go to the box office, and that he had protested that he had done nothing, and showed much indignation at the implication. Witness heard the accused say in the police court trial, that he could produce two witnesses named Wales and Newman to prove that he had bet on Bevo on that particular race.

Explains Pari Mutuel. Walter James B. Leonard, chartered accountant and superintendent of the pari-mutuels on the day in question, was called next by the crown. In the sixth race the horses winning had been numbered in this machine 4860, 4861 and 4862 in the order named. The 4861 had paid for the one ticket sold on that booth \$58. Witness thought the disputed ticket might have been altered from an original 4860 or a 4862, but could not say which. Witness explained in detail the operation of the pari-mutuels and how tickets were sold, and that double checked by means of calculators for that purpose.

Witness admitted four or five cases of forged tickets had occurred since the last race meet at the Willows track. The Victoria forgeries were the work of one person, with a figure erased and a new one inked in. The Vancouver forgeries were the work of a number cut from another ticket substituted for one cut out. The machines had paid out on four or five of these forgeries to their loss. One forged ticket had been presented on Saturday following the arrest of Turner, the day before, stated witness. In this latter case the ticket had been given to a stranger to cash, and no cash had followed, for the holder was but a dupe.

Chief Syme, of the Oak Bay police, corroborated the evidence as to the arrest of Turner. The chief admitted finding no erasers or other paraphernalia for forgery on the accused, but had found \$20 in cash, some cents and three gold sovereigns. Witness had been told by Turner that the latter could get witnesses to prove that he had actually bet on Bevo on that day. The prosecution rested its case at this point.

Unwitting Victim. Mr. Higgins for the defence made a brief appeal to the jury prior to bringing evidence. The case was simple, he held, the ticket was never meant to have been presented, as it was such a palpable forgery, and that Turner had no cause to present a forgery, when he was already a winner on the race. The ticket was forged has been passed upon him in some manner, unknown to Turner. Either by the seller, by a pickpocket in exchange for the original, or in mistake by the cashier. Counsel remarked that the Pari-Mutuels, which had engineered the prosecution had

Rheumatism?

Or Neuralgia, Sciatica, Lumbago? The remedy is simple, inexpensive, easily taken and harmless.

Templeton's Rheumatic Capsules

Your druggist will supply you. Write for free trial to Templeton's, 56 Colborne St., Toronto.

Sold by The Owl Drug Co., Ltd., and other Victoria Druggists; Duncan, J. E. A. White; Ladysmith, R. G. Jessup; Sidney, E. Lesage.

failed to call the seller of the ticket, a man named Miller, and drew the attention of the jury to this fact. "We will show conclusively that Turner had no reason to alter that ticket, and that he was the victim of circumstances not yet explained," closed Mr. Higgins.

Turner gave evidence in his own defence. He had served as a letter carrier for the city for the past five years. He had attended all race meets, and been there on the day in question, betting on Bevo in the sixth race. He was standing in the betting ring and saw a man approach a stable boy, overhearing what the stable boy said. The man had said "What is it?" to which the stable boy had replied "Bevo, all the way." Witness thought that was good enough for himself, and he bought a "15 combination on Bevo across the board," putting the ticket in a loose side pocket of his coat. Just before the betting closed he was going up to the grand stand and passed a friend Newman in the crowd, telling Newman in response to the query "What have you done?" "Bevo." The going went then, and Turner had watched the race with the very man he had seen in the paddock standing alongside him on his left.

After the race had been run and Bevo, as he found by a programme late to him for the moment, had taken place, Turner was going down to the cashier ring when he met another man named Wales, telling him in response to a query, "I had a \$15 combination on Bevo." Witness had then gone to the wicket of booth 33, and the arrest had followed. Witness emphasized the point that he had thrown the ticket down out of his hand to the counter of the wicket, and that the ticket was not passed from his hand to that of the cashier, Holden. Cross-examined by crown counsel witness stated he had told the police of Wales and Newman as witnesses in his behalf after his arrest at a time when it would have been impossible for him to have communicated with them.

W. James Newman, also a letter carrier, took the stand next, corroborating Turner's evidence as to the exchange of words. Turner had told him he was on Bevo, and the witness had hurried down to try and get on the same horse, but was too late, the race being sound. George P. Wales, also a letter carrier, gave further corroborative evidence for the accused, stating "Turner had told him after the sixth race that he had bet on Bevo across the board for \$15 combination." Turner then being on his way to the ring to collect.

Sensational Evidence. The most sensational turn to the trial was the calling of the witness, Wilfred Arnold Pomeroy, late adjutant at the R. A. F. camp at Borden.

Mr. Pomeroy said he had been standing in a line at a certain wicket when a man rushed back from the cashier's wicket and showed a ticket into his hand, one purporting to be a combination on a horse George Muelebach, which had come in first. The man was a stranger and showed him to collect. Behind witness in the line was Mr. Pendlebury, who cautioned Pomeroy against doing as the man wished. They had compared the ticket and then showed a ticket of his own and then tried that which he had so mysteriously thrust upon him, and the cashier had grasped his wrist, holding on until two detectives came and took him in custody.

Establishes Innocence. Charles Pendlebury, tailor, corroborated in full the evidence of Pomeroy, and then the court how Pomeroy had secured his release by calling for Mr. Fullerton, chairman of the association, with the aid of the witness, who bore out what the unwitting victim had said. The defence rested its case at this point. Mr. Higgins making but a brief appeal to the jury, pointing out that the ticket had doubtless been passed upon or even swapped, instead of sugar syrup. Either way, this mixture saves spent for cough preparations, and gives you a more positive, effective remedy. It keeps perfectly, and tastes pleasant—children like it.

You can feel this take hold instantly in all the air passages. It promptly loosens a dry, tight cough, and soon you will notice the phlegm thin out, and then disappear altogether. A day's use will usually break up an ordinary throat or chest cold, and it is also splendid for bronchitis, croup, hoarseness, and bronchial asthma.

Pinex is a most valuable concentrated compound of genuine Norway pine extract, the most reliable remedy for throat and chest ailments.

To avoid disappointment ask your druggist for "24 ounces of Pinex" with directions and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. The Pinex Co., Toronto, Ont. (Adv.)

FAVOR AMALGAMATION

G. W. V. A. Victoria Branch Holds Meeting.

Letters read at last night's meeting of the G. W. V. A. disclosed the fact that various branches of the organization throughout the Province are strongly in favor of amalgamation of all ex-service organizations. Colonel W. N. Winsby presided, and the meeting was largely attended.

Promises of assistance in the campaign for union have been received, and it is the wish of those in favor of the plan that it be put into effect at once.

minutes when they returned with the verdict of not guilty, the accused being at once acquitted and ordered released. Mr. Turner was soon made the centre of a swarm of congratulating friends, who escorted him from the court with many expressions of satisfaction.

AMALGAMATION IS PROCEEDING LOCALLY

WITH GREAT PROMISE

Joint Membership Roll Now Stands at 854 Ex-Service Men

No less than 854 ex-service men have signed the provisional roll of the newly created amalgamated body, it was reported last night in the session of the joint amalgamation council of all ex-service bodies.

The meeting was attended by delegates from every soldier and sailor organization in this city, with Robert Macdonald in the chair. A resolution urging the forthcoming convention of Army and Navy Veterans in Canada to adopt immediate amalgamation was unanimously approved.

The question of the distribution of canteen funds to the G. W. V. A. was again made the subject of some comment, it being held that canteen funds were the property of every man who served overseas. The first meeting of the amalgamated body in Victoria is to be held on October 4, a postponement being made to permit reports to come to hand from the convention of the G. W. V. A. and the Army and Navy Veterans. Delegates from the naval branch secured the passage of a resolution to amend the provisional constitution of the amalgamated body to give them full representation on the council. Many items of general business were transacted at the session. Among those attending were Comrades Bowden and Aitken, G. W. V. Comrades Twigg and Darke, A. and N. Veterans, Comrade Smith, British Campaigners, Comrades Hatcher and Pearson, Naval G. W. V. A., Comrades Macdonald, Christian and Mooney, Veterans of France, and Comrades McKenzie and Crouch, G. A. U. V.

SAANICH POLICE PREPARE FOR BALL

Excellent Arrangements Made For Second Annual Function

Cumberland in the league standing. The second annual ball of the Saanich Police Force will be held in the Agricultural Hall, Saanichton, this day-week, October 26, under the patronage of Reeve Watson, Council and the members of the police commission. The first annual ball was such a success that already there has been a tremendous rush for tickets for the event, and but few are left. A few tickets may still be had from the Diggon Printing, Ltd., Mr. Heaton at David Spencer, Ltd., and from the members of the Saanich Police Force under Chief Drogan.

A capable committee has been at work energetically to ensure the success of the function, and the plans for the event this year, surpass, if possible, the excellent arrangements of last year. Messrs. Heaton's four-piece orchestra will officiate, while a buffet supper in charge of George Florent of the Hygeine Bakery, city, will be served. Dancing will continue from nine until two in the morning. A special interurban car will leave Saanichton for town at 8 a.m. for the convenience of city dancers.

Ends Stubborn Coughs in a Hurry

For real effectiveness, this old home-made remedy has no equal. Easy and cheaply prepared.

You'll never know how quickly a bad cough can be conquered, until you try this famous old home-made remedy. Anyone who has coughed all day and all night will say that the immediate relief given is almost like magic. It takes but a moment to prepare and really there is nothing better for coughs.

Into a 16-oz. bottle, put 2 1/2 ounces of Pinex; then add plain granulated sugar syrup to make 16 ounces. Or you can use clarified butter, honey, or corn syrup, instead of sugar syrup. Either way, this mixture saves spent for cough preparations, and gives you a more positive, effective remedy. It keeps perfectly, and tastes pleasant—children like it.

You can feel this take hold instantly in all the air passages. It promptly loosens a dry, tight cough, and soon you will notice the phlegm thin out, and then disappear altogether. A day's use will usually break up an ordinary throat or chest cold, and it is also splendid for bronchitis, croup, hoarseness, and bronchial asthma.

Pinex is a most valuable concentrated compound of genuine Norway pine extract, the most reliable remedy for throat and chest ailments.

To avoid disappointment ask your druggist for "24 ounces of Pinex" with directions and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. The Pinex Co., Toronto, Ont. (Adv.)

to the request of the Navy League to assist in the campaign for funds which will be conducted here all next week. The drive will be a keen one, and as many volunteers as possible are being sought to help in the work. Delegates will be sent to the Navy League gathering in the Chamber of Commerce auditorium to-morrow night at 8 o'clock.

The G. W. V. endorsed the application of the Victoria and District Cricket Association asking the City Council to help promote amateur sports. A resolution dealing with the Oriental question was laid over for discussion at the next meeting.

NANAIMO NEWS.

Nanaimo, Oct. 18.—The employees of the Western Fuel Corporation of Canada, Ltd., in and about the local mines, will ballot at the pit head sometime this week for the purpose of electing a mine doctor, it being understood that the one receiving a suitable majority over his nearest opponent will be elected and it will be up to him to appoint an assistant.

At a meeting held Saturday 33 applicants had their names in for the position, and it was decided to take a vote. This eliminated all but six, these six to come before the Nanaimo miners as stated. The six applicants are: Dr. Longham, Dr. Lane, Dr. McIntyre, Nanaimo; Dr. Moore, Victoria, and Dr. Wilks, Nanaimo.

Albino Aquino was before Stipendiary Magistrate Potts yesterday morning sentenced to one month's imprisonment, charged with pilfering for deer.

Nanaimo City, by taking two points from Granby in Sunday's game, draws one point ahead of The up-Islanders dropped a point to South Wellington and although in second place are one game behind in the amount of games played. The
